PART I.

GENERAL

Proceedings of the Government of His Highness the Maharaja of Mysore,

No. 8702-13—Mis. 1238, dated Bangalore, 20th November 1902.

Order.—His Highness the Maharaja desires that the Coronation of Their Imperial Majesties King Edward VII, Emperor of India, and Queen Alexandra should be celebrated throughout Mysore synchronously with the Coronation Durbar which will take place at Delhi on 1st January 1903, and His Highness feels confident that his subjects in all parts of the State will welcome the event as an occasion for public rejoicings and for tendering to Their Majesties a befitting homage.

2. His Highness is pleased to direct that all Public Offices, Courts and Schools be closed from Friday the 2nd January to Thursday the 8th January 1903, both days inclusive.

3. The District Officers will notify this auspicious event to the public at large and to the various Municipalities in their Districts so as to enable them to make arrangements for such public rejoicings as may be deemed suitable for so memorable an occasion.

4. In all places of worship under the State Muzrai management special prayers with ceremonies befitting the auspicious occasion will be offered on the 1st January 1903, for the long life and prosperity of Their Imperial Majesties. The co-operation of the managers of places of worship which are not Muzrai institutions will be invited by the District Officers with a view to carry out a similar programme in them.

5. At all District and Taluk Head-quarters and Municipal Towns arrangements will be made for the distribution of food and clothing to the poor of all classes and to the inmates of all charitable institutions; and sports and entertainments will be provided for the children of all Schools, both private and public.

6. In the evening all Public Offices will be illuminated and fireworks displayed.

7. At the Head-quarters of every District the Deputy Commissioner will, on the said date, hold a formal Durbar at a convenient hour, at which the Royal Proclamation, which will be communicated to him in due time, will be publicly read out in English and in Kannada, and a royal salute of 101 guns fired at Mysore. The principal citizens, landholders, Pallegars, members of Municipal and other bodies, as well as the principal officers of the District, will be invited to the Durbar.

8. The following amounts are sanctioned from State Funds for carrying out the above object in addition to any sums that may be raised by voluntary subscriptions or by grants from Municipal Funds :—

		Rs.

10. In addition to the above, a sum of Rs. 200 each for the Districts of Bangalore and Mysore, and Rs. 100 each for the other Districts will be placed at the disposal of the Deputy Commissioners to meet the expenses of the special prayers to be offered in all places of worship for the long life and prosperity of Their Majesties.

11. The Deputy Commissioners are requested to submit for the information of Government, as early after the celebration as may be practicable, a full report containing information on the following points :—

(1) Details of local festivities, entertainments, rejoicings, etc., in each town;

(2) The names of the members of each local Committee;

(3) The number of people fed and clothed.

(4) The estimated number of people who took part in the various proceedings, including the Durbar at Head-quarters;

(5) The number of places of worship in which prayers were offered; and

(6) Other points of special interest, if any.

Letter No. 5148, dated the 11th September 1902, from the Chief Engineer in Mysore, forwarding the correspondence which has taken place between the Superintending Engineer, Marikanave Division and the Deputy Commissioner, Chitaldrug District, on the subject of rent to be levied for occupancy of travellers' bungalows, and requesting a correct interpretation of Rules 2, 3 and 4 of the revised Regulations for the occupation of travellers' bungalows (*vide* Government Proceedings No. 15816-51—Mis. F. 15-96, dated 4th June 1898).

No. 8998-9038—G. F. 15-96, DATED BANGALORE, 26TH NOVEMBER 1902.

ORDER THEREON.— Mr. M. Narain Rao, Deputy Commissioner, Chitaldrug District, occupied the travellers' bungalow at Marikanave with one of the Assistant Commissioners of the District from 11 A. M. of the 3rd May 1902 to 3 P.M. of the 5th idem and paid annas 15 as rent for the period. The Superintending Engineer demanded the payment of annas 3 more. The Deputy Commissioner stated in reply that full fee had been paid for the 3rd and 4th May 1902, under Rule 3 and half fee for the 5th idem under Rule 4 of the Bungalow Rules of 4th June 1898. Thereupon the Superintending Engineer contended that Rules 3 and 4 apply only to occupancy for less than 24 hours and that for occupancy for longer periods, as in the present case, full fee is leviable under Rule 2, for every 24 hours or a fraction thereof. The Deputy Commissioner disagreed with the view above set forth and urged that the prescribed fee had been duly paid.

Under the circumstances represented, Government consider that the Superintending Engineer's interpretation of the rules is quite correct, and they are pleased to direct that Rule 2 should be applied to cases of continuous stay for several days while Rules 3, 4 and 5 apply to special cases involving a stay of not more than 24 hours.

The Deputy Commissioner of Chitaldrug is therefore requested to pay up the fee demanded of him.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter of the 6th July 1901, from the Joint Honorary Secretaries of the Devaraj Bahadur Charity Fund.

We beg to submit a report of the administration of the Devaraj Bahadur Charity Fund from 1st July 1899 to 30th June 1901.

The balance on 1st July 1899 was Rs. 1,090-0-2. The income during this period was Rs. 5,000. Out of this total sum of Rs. 6,090-0-2. the amount available for the education of widows was Rs. 4,426-2-5, and that for encouragement to the authors of Kannada and Sanskrit works was Rs. 1,656-7-7, and that for contingent expenses Rs. 174-13-7, being the interest received on the deposit of our half-yearly income in the Government Savings Bank. The amount spent during the period was Rs. 4,857 under the 1st head, Rs. 1,093-5-6 under the second, Rs. 63-6-0 under the third, (detailed statements of these are herewith submitted), thus leaving a balance of Rs. 251-2-3.

Since the institution of scholarship to widows in 1895, 37 high-caste widows have been brought under instruction and 20 have passed Public Examinations. A detailed statement of information regarding each of these pupils is herewith submitted.

Under the head of Education to Widows, we beg to state that their education under the patronage of this Fund was at first confined to widows studying in the Maharani's College at Mysore. The next step was to extend it to Bangalore. Two scholarships were given, one to a widow pupil studying in the Arya Balika Pathasala, and another to a pupil in the Government Girls' School. One of these two, by name Achamma, passed the Lower Secondary Examination last year, and after undergoing her training for the Teachers' Certificate Examination in the Training Class of the Maharani's College, has passed that Examination and qualified herself to become a schoolmistress. A further step was taken to extend the same consideration to Tumkur and Sidlaghatta, and last year the widow scholarship-holder in the Tumkur Empress Girls' School, by name Venkatasubbamma, passed the Lower Secondary Examination in the first class, heading the list of successful candidates, both male and female, in the whole Province. We have before us several applications for scholarships from widow pupils reading in Chikballapur Girls' School.

For the past three years the Trustees have also been giving scholarships to widow pupils undergoing a course of instruction in English in the Maharani's College. One of them is now reading in the Matriculation class preparing to appear this year, and four are studying in the English Lower Secondary.

It was very unfortunate that in the plague last year in Mysore, two very promising scholarship-holders in the Fourth Form died.

It is noteworthy that these scholarships have drawn widow pupils from the very pick of orthodox families. Kasi Yeggamma, a widow pupil who passed the Lower Secondary Examination from Mysore last year, is a daughter of the family priest of the Royal household, known as Kasiguru.

Last year a new move was made to give two scholarships to two widows who are being trained as nurses in the Maharani's Hospital, Mysore.

As a rule, encouragement to widow pupils outside Mysore is given on the recommendation of the Inspector General of Education, and to those in Mysore, on the recommendation of the Maharani's College Special Committee.

Under the head of Encouragement to Authors we beg to state during the period under report 19 authors have received honorariums from us for having brought out 22 works. A detailed statement of authors and their works is herewith submitted.

We here take the opportunity to express our deep sense of appreciation of the wise and valuable advice and co-operation as one of the Trustees, of Rajadhanama Pravina T. R. A. Thamboo Chettiar, C. I. E., who performed the functions of the President of that body ever since the D. B. C. Fund was started. It is much to be regretted that he resigned his connection with this Trust, owing to his absence from Bangalore on his retirement from service. The Trustees take this opportunity to express their high sense of thankfulness to Mr. Thamboo Chettiar for his invaluable co-operation and guidance in the discharge of their duties in administering the Fund.

We beg to solicit sanction for the continuance on the present lines of the administration of the Fund for a further period, as we are sure thereby to better the condition of the unfortunate caste Hindu widows, and open out to them a career of honour and usefulness.

No. 8519-22—Ed. 193, dated Bangalore, 18th November 1902.

Order thereon.—The above is a report on the administration of the Devaraj Bahadur Charity Fund for the two years from 1st July 1899 to 30th June 1901.

The income during this period was Rs. 5,174-13-7, consisting of the two items mentioned in the margin. This with the balance on hand on the 1st July 1899, amounted to Rs. 6,264-13-9.

Rs. 5,000 ... interest derived from the Trust Fund for the two years.

Rs. 174-13-7 ... interest received on the deposit of the half-yearly incomes in the Government Savings Bank.

"Education of widows" and "Encouragement of authors" and "Miscellaneous charges" are the three heads under which expenditure has been incurred. The amount available for expenditure and that actually spent during the period under review, under each of the above three heads, are given below:—

	I Education of widows.	II Encouragement of Authors.	III Miscellaneous charges.	Total.
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.
Balance on hand on 1st July 1899	678 10 5	495 15 7	5 6 2	1,090 6 2
Income during the period	*3,749 8 0	*1,240 8 0	†174 13 7	5,174 13 7
Total amount available for expenditure ...	4,428 2 5	1,656 7 7	180 3 9	6,264 13 9
Amount expended during the period ...	4,857 0 0	1,093 5 6	63 6 0	6,013 11 6
Difference on the 30th June 1901	—428 13 7	563 2 1	116 13 9	251 2 3

* Appropriations from the amount of Rs. 5,000 realized as interest on the Trust Fund, in the ratio of 3 : 1 (*vide* G. O. C. No. 186 of the 30th March 1895).

† Interest received on the deposit of the half-yearly incomes in the Government Savings Bank.

It has not been explained why an excess of expenditure, *viz.*, Rs. 428-13-7, was incurred under the head "Education of widows." The slight difference of Re. 0-8-0 against the income shown under the first two heads, is apparently an oversight.

It is worthy of note that the patronage of the Fund was not confined to the widows studying in the Maharani's College, Mysore, but was also extended to the widow pupils prosecuting their studies in Government Girls' Schools outside the Mysore City. The training of widows in the Maharani's Hospital to qualify themselves as nurses, is another useful object served by the Fund.

Nineteen authors received honoraria for having brought out 22 works.

Rajadharma Pravina T. R. A. Thumboo Chettiar, Esquire, C.I.E., having resigned the Presidentship during the year under retrospect, the Trustees have placed on record their appreciation of his valuable advice and co-operation during the long period of his connection with the Trust.

JUDICIAL

Proceedings of the Government of His Highness the Maharaja of Mysore,

No. 8021-5—J. 637, DATED BANGALORE, 8TH NOVEMBER 1902.

ORDER.—Government observe that the total daily average strength of prisoners in the Shimoga Jail, as given in the latest report published on the administration of jails in the State, *viz.*, the report for the calendar year 1900, was only 71·14 while that of the Bangalore and the Mysore Jails was 575 and 224 respectively, and that similarly the cost of establishment for guarding the prisoners at Shimoga was on an average more than Rs. 79 per head as against Rs. 39 and Rs. 36, respectively, at Bangalore and Mysore. The cost seems thus to be disproportionate. With the establishment, moreover, of Railway communication between Shimoga and Bangalore, there is every facility for the easy conveyance of prisoners to the latter place. Under these circumstances, Government consider that it is unnecessary and undesirable any longer to maintain a separate jail at Shimoga, with an allowance to the District Medical Officer for supervision and a costly guarding establishment as at present, and they accordingly direct that the present jail be abolished and that a lock-up for short term and under-trial prisoners be established in its stead, as elsewhere at the head-quarters of districts other than Bangalore and Mysore. Steps will be taken in consultation with the Forest Department for the conversion of the jail building into a sandal koti.

2. The Inspector General of Prisons is requested to submit for sanction of Government a detailed proposition statement showing the reduced establishment that will be necessary for the new district lock-up and the savings that will result as a consequence of the arrangement.

3. Should the existing rules in regard to jails and lock-ups require amendment, the Inspector General of Prisons will submit a memo of the alterations required for approval of Government.

ORDER.—All *direct* communications from the Inspector General of Prisons to District Magistrates should be in *letter* form. When, however, District Magistrates are only indirectly concerned in the subject-matter of any order or proceedings issuing from the office of the Inspector General of Prisons, a copy of such order or proceedings may be furnished to them under an endorsement. Proceedings *as such* should not be issued to District Magistrates by the Inspector General of Prisons.

Letter No. 1270—100, dated 27th September 1902, from the Inspector General of Police in Mysore, submitting the report on the working of the Arms and the Explosives Regulations for the half year ending 31st December 1901.

(2) Letter No. 64, dated the 7th November 1902, from the Chief Inspector of Explosives in Mysore, forwarding his remarks on the report submitted by the Inspector General of Police in Mysore.

No. J. 727, DATED BANGALORE, 25TH NOVEMBER 1902.

ORDER THEREON.—It is stated that "as the report is only for a half of the year, no comparison is made with the figures of the previous year." This statement is not very clear as the number of licenses to deal in or possess arms, etc., would be practicably the same whether the period of the report was twelvemonth or half year. Government observe that comparison of the figures of one year with those of the previous year is very important, especially in regard to the number of arms possessed, as a means of checking and accounting for increase or decrease in the number of weapons licensed.

2. It is stated that the license issued by the District Magistrate of Chitaldrug, under Form II covered no arms but was for the possession and sale of sulphur for the manufacture of fire-works. This license appears to have been wrongly issued if it includes the manufacture of fire-works, which should properly be licensed under Form A of the Explosives Rules. If it does not include the manufacture of fire-works, it should have been license in Form III.

Para 2 (*b*).

3. The District Magistrate of Shimoga reports that only 83 licenses in Form VII out of 697 remaining in force were produced for inspection. It is presumed that proper steps will be taken to recall such licenses as may become invalid by breach of the condition for such licenses being produced before Magistrates once every year.

Para 2 (*g*).

4. The Chief Inspector of Explosives suggests that a statement in regard to saltpetre, similar to statement No. II, would be desirable. The suggestion is referred to the Inspector General for remarks.

Para 3.

5. The total number of shops in the State during the year was 88, of which 40 were alone inspected. This cannot be regarded as a satisfactory record and points to a lack of supervision. Some of the 40 shops were inspected more than once, the total number of inspection visits made being 66, of which 22 were made by Magistrates, 8 by Superintendents of Police and 36 by Police Inspectors. As the Inspector General justly remarks, the Superintendents of Police should pay more attention to the inspection of these shops. The necessity for inspection does not, however, cease with shops licensed under Forms II and III of the Arms Regulation. The premises of licensees under the Explosives Regulation have also to be inspected, and Magistrates and Police Officers are Inspecting Officers under Rule 43 of the Explosives Rules.

Para 4.

6. Statement No. IV attached to the report shows the number of licenses issued under the Explosives Regulation, which is stated to be 76. This number should be 78, as 4 licenses in Form E are stated by the Chief Inspector to have been issued during the period under report and not 2 as stated. In addition, 7 licenses in Form E are reported to have been extant during the period though issued in the previous half year. Thus there were 85 licenses issued under the Explosives Regulation, and yet no mention whatever is made of any inspections of these premises. On the whole, Government do not consider that the inspection of premises licensed under the Arms and Explosives Regulations was altogether adequate; and they trust that the Inspector General and the Magistrates of Districts will take steps to place this matter on a better footing.

(1) Correspondence ending with letter No. 386, dated 31st October 1902, from the Inspector General of Registration in Mysore, reporting that A. Thiruvengada Mudaliar, Sub-Registrar of Arsikere, having been granted furlough on half pay for one year and six months, with effect from the 4th April 1901, N. Lakshmikanta Iyengar, Assistant clerk of his office, was appointed to act for him on Rs. 17-8-0, being one-half of the salary of the Sub-Registrar, *plus* Rs. 12-8-0 one-half of the salary of his own permanent appointment; that the other moiety of the Assistant clerk's pay, *viz.*, Rs. 12-8-0, which was available, was given to a temporary clerk; that the said Lakshmikanta Iyengar having subsequently been appointed as a permanent Sub-Registrar, his place in the office was given to one B. V. Narayan Iyengar who has been deputed to act for Thiruvengada Mudaliar under similar arrangements, and that the Comptroller who has been passing the pay bills of his office for the last 13 months, has now objected to the above arrangements and withheld the amount of Rs. 12-8-0, due to the aforesaid Narayan Iyengar for May last and requesting therefore that sanction may be accorded to the arrangements being continued for a few months more.

(2) Letter No. 2494—434, dated 10th November 1902, from the Comptroller, Mysore Government, stating that the acting allowances were passed as Government in their Order No. 864-5—J. 93, dated 18th July 1901, on a similar case, declared that such arrangements were not opposed to the provisions of the Service Regulations; that the Special Auditor General having taken exception to the grant of moieties of pay as acting allowances, objection was raised with reference to the pay bill of the Sub-Registrar for May 1902, and requesting a final ruling on the subject of *seriatim* half-pay arrangements.

No. J. 751-2, DATED BANGALORE, 28TH NOVEMBER 1902.

ORDER THEREON.—The arrangements made by the Inspector General are not strictly in accordance with Codal Rules, but are sanctioned as a special case, with the observation that in all cases in which it is considered absolutely necessary to make such arrangements in public interests the previous sanction of Government should be obtained.

2. A strict adherence to Codal Rules is requested and all cases requiring exceptional treatment should in due time, be reported for the orders of Government.

	Total ...	19,358	38,095	19,337	600
	Net Increase ...	...	...	18,737	...

RECEIPTS.

2. No reason has been assigned for the increase under Mohatarfa. Pending the submission of explanation, the provision will be allowed to stand.

3. The increase under "Slaughter house fees" is said to be based on the actual collections already made and that under "Fees from market gate" is calculated on the average income collected by the Board during the last three months, when the market enclosure was partially handed over to the Sanitary Board by the Public Works Department. The estimates are approved.

4. In the original budget a lump-sum provision of Rs. 2,000 was made under "VII. Miscellaneous," but in the revised budget now submitted, details are furnished for the increased estimate of Rs. 8,000 under this head. The provision is passed.

EXPENDITURE.

5. The bulk of the increase under "B. Public Works to be executed by the Sanitary Board" amounting to Rs. 16,850 is due to the provision made for the following new works:—

	Rs.
(1) Roofing market platforms	10,000
(2) Planting and fencing avenue trees and belts in the New Town	1,500
(3) Additional improvements to Masikum colony huts ...	1,000
(4) Incomplete works	1,300
(5) Repairing and removing beef slaughter house and repairing wells	1,800

As the new market is now in an incomplete state, the Board has provided Rs. 10,000 to effect necessary improvements to the *sante* enclosure, such as the roofing of the stalls and the gradual conversion of the enclosure into a regular and weekly *sante*. The other provisions required are also allowed with the observation that explanatory remarks against each item of new work or increase should have been noted in the remarks column of the budget statements.

6. The increased provision under "Office establishment" is said to be due to the increase of Rs. 5 allowed to the pay of the Head Clerk and is sanctioned with the remark that previous sanction of Government should have been obtained for making this provision.

7. The increase under "Conservancy and Sanitary charges" is due to additional totis required for cooly colonies newly opened. The provision is allowed.

8. The new provision of Rs. 200 for an iron safe is in accordance with Government Proceedings No. 1701-2—L. F. 3-02, dated 28th July 1902, and is passed.

9. The budget estimates as now revised will stand as given in the following abstract form :—

	Rs.	Rs.
Opening balance	3,454	
Receipts for 1902-03	50,000	
Total including balance		53,454

EXPENDITURE.

A. Public Works to be executed by Public Works Department ...		
B. Do Sanitary Board ...	27,415	
C. Civil charges	15,308	
Total A, B and C.		42,723
Closing balance		10,731

which is less than the prescribed minimum by Rs. 1,769. Every endeavour should be made to maintain the prescribed minimum balance by effecting savings in the sanctioned allotments.

Letter D. No. 15, dated 3rd July 1902, from the President of the District Fund Board, Bangalore Circle, submitting the explanation called for in Government Proceedings No. 15589-95—L. F. 1-02, dated the 19th March 1902, in regard to the District Fund budget estimate of the Bangalore Local Fund Circle for 1902-03.

No. 8060-1—L. F. 1-1902, DATED BANGALORE, 10TH NOVEMBER 1902.

RECEIPTS.

ORDER THEREON.—*76 Per Cent of Local Cess.*—The President states that the difference between the figures entered in columns 6 and 7 is due to the estimates being entered in round numbers in the latter column. The figure may stand. But it must be observed that as column 6 gives the total estimated demand and arrears are likely to remain uncollected at the end of the current year, the figure in column 7, which represents the probable collections during the current year, must be less than that in column 6.

2. *V. Ferry Collections.*—It is reported that owing to a small collection of one rupee and odd during 1900-01, the same was omitted in the budget for the current year. It should be explained whether the ferry is leased out annually and if so, why the revenue has fallen so low.

EXPENDITURE.

3. *C. Civil Charges, III. Hospitals and Dispensaries.*—The increased provision of Rs. 543 is stated to have been made at the instance of the Senior Surgeon to meet the special charges of bedding and clothing at Rs. 45-4-0 per dispensary though there is the usual provision of Rs. 427 for the purchase of furniture etc. What portion of this sum is intended for furniture and whether the balance cannot be disallowed, seeing that a separate provision of Rs. 427 is made for bedding and clothing for in-patients of dispensaries for the purpose, are points which require further explanation.

4. *VI. Conservancy and Sanitation.*—It is now brought to notice that out of the three sweepers sanctioned for the village of Molur near Channapatna in Government Proceedings No. 2094-5—L. F. 131-94, dated 11th August 1896, one has been transferred to Devarahoshalli in the same taluk, as two were considered sufficient for the former village and the pay of the sweeper so transferred, which is Rs. 4 per mensem as provided for in the budget for 1901-02, is now proposed to be raised to Rs. 5. It should be explained under what authority the sweeper referred to was transferred from Molur to Devarahoshalli.

The Revenue Administration Reports of the several Districts for the year 1900-01.

No. R. 1929-70, DATED BANGALORE, 4TH NOVEMBER 1902.

ORDER THEREON.—Notwithstanding the instructions repeated in Government Order No. 1821—30, dated 25th October 1901, the reports received from some of the Districts deal unnecessarily with matters which could well have been omitted altogether, while, on the other hand, useful information which could have been furnished has not been given. However, the information gathered from the various returns submitted by the Deputy Commissioners and checked and compiled in the Dewan's office, will be utilized as far as necessary and a general survey of matters falling within the purview of these reports made.

2. *Season and Rainfall.*—The season was favorable except at the close of the year, when the South-West Monsoon began to show signs of failure. Fair harvests were, however, gathered as the rains in April and May were seasonable and plentiful. A separate report in detail on Rainfall Registration for the year 1900, has been, as usual, published by the Director of Meteorology.

The average rainfall in the whole State for the year 1900-01 was 39·73 inches against 27·70 inches in the previous year. The average for each district as compared with the average of the previous year is given below :—

District.	1899-00.	1900-01.

29. *Jamabandi.*—The earliest date on which the jamabandi for the year 1900-01 was begun, was on the 6th December 1900, in the Chitaldrug District and the latest date of its close was 14th July 1901, in the Hassan District. The period taken to settle the jamabandi of the State was thus seven months and eight days. The reports submitted by the Jamabandi Officers are dealt with separately from time to time.

The Jamabandi Reports for 1901-02, submitted by the Deputy Commissioner, Kolar District, with his letter No. C. 89, dated 11th July 1902.

No. 2019-26, DATED BANGALORE, 7TH NOVEMBER 1902.

ORDER THEREON.—*Distribution of Jamabandi Work.*—The following statement gives the names of the officers who conducted the Jamabandi of the District during the year 1901-02, with dates of commencement and completion, number of camps made and number of villages settled :—

Taluk or Sub-Taluk.	No. of villages settled.	Name of Jamabandi Officer.	Date of commencement.	Date of completion.	Period taken.	Number of camps.
Kolar	263	Mr. F. E. C. Carr, Deputy Commissioner	17 1 02	2 3 02	45	4

The Jamabandi settlement was commenced in the District on the 1st December 1901, and completed on the 7th May 1902. The period taken (5 months and 6 days) is long and is attributed to plague and other important criminal and revenue work demanding the attention of the Jamabandi Officers.

2. The discrepancy observed in the number of villages settled as given in the reports of 1899-00 and 1900-01, is explained as being due to not counting the Asli and Dakhla villages according to rule. The mistake has, it is reported, been rectified in the present report, wherein the correct figures as shown in the Ahwal return No. 28 have been entered.

3. *Village Accounts.*—The percentage of accounts checked personally by the several Jamabandi Officers, was as follows :—

Mr. F. E. C. Carr—about 20 per cent of the total number of villages, in detail.

Mr. Syed Amir Hassan 20 per cent in Chikballapur, and a fair percentage in the other taluks settled by him. This is vague and is not deemed satisfactory.

Mr. C. Krishna Rao—30·54 per cent in Srinivaspur, 29·11 per cent in Chintamani and 36·8 per cent in Sidlaghatta.

Mr. K. R. Srinivasiengar—25 per cent in Mulbagal. Satisfactory.

Details not given for other taluks. It would be quite easy for all Jamabandi Officers to note the exact percentage of accounts personally tested by them. The proportion of 20 per cent laid down for this purpose is by no means too much, and should always be observed. The Deputy Commissioners are expected to enforce this rule strictly.

4. *Accounts of Inam Villages.*—Out of 534 Inam villages in the District, the accounts of 314 are reported to be due, as against 328 of the previous year. From the reports of the Jamabandi Officers, it appears that much difficulty is felt in securing the accounts owing to want of co-operation on the part of the Inamdars, and the difficulty of recovering money from them if paid agency is employed for the preparation of the accounts. The Deputy Commissioner states that he will instruct the Assistant Commissioners to proceed against the movable property of the defaulting Inamdars for recovery of cost, and thinks that this course would make the defaulters furnish the accounts without further delay. As has been already directed in Government Order No. R. 4202-09, dated 23rd March 1902, individual cases, where it is not possible for the Deputy Commissioners to get the accounts, may be reported for the orders of Government.

5. *Pahani Work.*—As in last year, the Jamabandi Officers, except Mr. C. Krishna Rao, report that the Amildars did not properly check the Pahani work done by the taluk officials. Mr. Krishna Rao states that in the taluks settled by him, the Amildars had done some work but not up to the required standard. Mr. Carr hopes that better results will be shown in future, as instructions are being given and the importance of Pahani tests is being gradually understood. It is highly unsatisfactory that Amildars neglect to do this important work, and the Deputy Commissioner is requested to take notice of their conduct whenever he finds it necessary, informing them at the same time that they will render themselves liable to the censure of Government for negligence.

6. *Boundary Marks.*—The inspections made by the Jamabandi Officers show that except in the Bagepalli Taluk including Gudibanda Sub Taluk and to a certain extent in the Malur and Siddlaghatta Taluks, test inspection has not been carried out according to rules. Mr. Srinivasiengar correctly considers that in the Mulbagal Taluk the inspection had been perfunctory, as he found the marks on waste lands in a neglected condition. The Deputy Commissioner states that attention is being paid to follow the instructions contained in Rule 85 of the Land Revenue Rules. Government hope that better work will be done this year.

7. *Boundary Marks on the Frontier.*—The Jamabandi Officers inspected boundary marks in the British frontier in seven localities. Only one mark was found in a wrong place, and it is stated that a separate report on the matter will be submitted.

8. *Disposal of Takrar Takhtas.*—Mr. Srinivasiengar has not given the number of cases disposed of by him. Those disposed of by the other officers were as follows :—

By Mr. F. E. C. Carr	..	..	143
By Mr. Syed Amir Hassan	..	..	163
By Mr. C. Krishna Rao	..	..	363

Ten cases were left pending in the Goribidnur Taluk by Mr. Syed Amir Hassan, as in all these cases the orders of the Deputy Commissioner were necessary.

Darkhasts, Rajinamas and Transfers of Pattas.—Except Mr. Srinivasiengar, the Jamabandi Officers have given the number of darkhasts, etc. received and disposed of, which is as follows :—

Taluks.	Darkhasts.			Rajinamas.			Transfers.		
	Received.	Disposed of	Pending	Received.	Disposed of.	Pending	Received	Disposed of.	Pending.
Kolar ...	640	617	23	48	48	...	316	316	...
Chikballapur ...	238	231	7	40	40	...	176	176	
Srinivaspur ...	590	560	30	63	62	1	316	312	4

Gudibanda (Sub-Taluk) ...	148	135	13	10	10	...	11	11	...

9. *Inspection of Waste Lands.*—All the officers inspected waste lands. Mr. Carr reports, with reference to the remark made in the last review, that in 1900-01 he inspected waste lands in 38 villages and in 12 villages in 1901-02. The District Surveyor, who followed the Deputy Commissioner specially for field inspection, reported 89 cases of encroachment ; all of these are reported to have been properly enquired into and punishments imposed.

10. *Raiyats' Receipt Books.*—Particular care is reported to have been taken to examine a fair number of Receipt Books by the Jamabandi Officers, with a view to detect cases of misappropriation, etc.

11. *Tanks.*—The number of tanks inspected by the several Jamabandi Officers was as follows :—

Mr. F. E. C. Carr	..	..	19
Mr. Syed Amir Hassan	..	..	121
Mr. Srinivasiengar	..	..	27
Mr. Krishna Rao	..	..	50

From the reports it is observed that none of the tanks is maintained well, every one of them requiring earthwork to a greater or less extent. The rules regarding

the maintenance of tanks should be enforced in as many cases as possible. The inspection of tanks by Jamabandi Officers is quite inadequate and unsatisfactory.

12. The work done by the Jamabandi Officers in other matters calls for noremark.

(1) Government Order No. 10251-60—R. 3761, dated 27th June 1901, in the matter of repayment of loans granted to Agricultural Banks in the State.

(2) Government Order No. 1372—80, dated 19th September 1901, on the same subject.

(3) The following reports submitted by the Inspector of Agricultural Banks in Mysore :—

(i) No. 181, dated 10th April 1901. | (iv) No. 259, dated 27th June 1901.
(ii) No. 223, dated 5th June 1901. | (v) No. 64, dated 12th August 1901.
(iii) No. 249, dated 25th June 1901. | (vi) No. 94, dated 3rd September 1901.

No. R. 2067-76—R. F. 38-1900, DATED BANGALORE, 10TH NOVEMBER 1902.

ORDER THEREON.—The orders passed by Government as regards repayment of these loans, have been more than once impressed upon the Presidents and Agents of the several Banks through the Inspector of Agricultural Banks. They were informed that the intention of Government was that a reasonable period within 10 years should be fixed for the repayment of Government loans, that such repayment should be by means of annual instalments, and that the non-recovery of instalments from members or the admission of new members, was no sufficient excuse for putting off repayment of the Government advance. They were further desired to make payments towards the first instalment by the end of June 1900. From the statement received from the Inspector, it is observed that repayments have been properly made in very few cases, as already noticed in Government Order dated 19th September 1901.

No. 6916-19—R. F. 117-95, dated 1st February 1897.
No. 7359-60—R. F. 41-97, dated 14th April 1900.

2. The proposals of the Inspector for prescribing the instalments are agreed to in many cases, while in a few, certain modifications are suggested by the Deputy Commissioners. The Coffee Banks at Chikmagalur and Saklespur have been separately dealt with. The remaining banks will be dealt with as described below :—

3. *Tumkur District.*—It is reported that the proposals and suggestions made by the Inspector in the last column of the statement that the loans be repaid in 10 or 12 annual instalments are agreed to by the Deputy Commissioners and that instructions have been issued to the Presidents of the Banks and the Amildars concerned. This is approved.

4. *Kolar and Chitaldrug Districts.*—The loans will be recovered in 10 annual instalments as proposed.

5. *Kadur District.—Ardikoppa Bank.*—The Government loan of Rs. 25,000 may as proposed be repaid in 8 annual instalments of Rs. 3,125 each, commencing from 1900-01.

Sakrepatna Bank.—The proposal to recover the loan of Rs. 20,000 in 12 annual instalments of Rs. 1,666⅔ each, commencing from 1900-01, is approved, the recoveries from the remaining Banks in the District being made as recommended.

6. *Mysore District.*—The period of 15 years fixed in the case of the Santebennur Bank and of 5 years for the Joga Bank may be adopted. In other cases the suggestion of the Inspector, concurred in by the Deputy Commissioner, may be carried out.

7. *Mysore District-Chamrajnagar Bank.*—In Government Order No. 2613-16—R. F. 122-97, dated 27th September 1898, the Deputy Commissioner was requested to fix a reasonable time, not exceeding 10 years, for repayment in suitable instalments. No yearly instalment was fixed, but the total advance of Rs. 35,000 was stipulated

to be paid within 10 years, one-half of the loan being paid in the 9th year and the other half in the year following. Government would rather not treat this Bank differently from the others. The Deputy Commissioner should impress upon its members the desirability of repaying the loan in 10 or 12 equal annual instalments commencing from 1902-03. This would be in the Bank's own interests as well as in those of Government.

Palhalli Bank.—The total amount of the loan is Rs. 30,000. The Bank offers to repay this amount in 60 annual instalments of Rs. 500 each. This proposal is unreasonable. The loan may, as proposed by the Inspector, be repaid in 12 annual instalments of Rs. 2,500 each, commencing from 1902-03.

Seringapatam Bank.—The loan of Rs. 20,000 may, as recommended, be paid as follows:—

Rs. 2,000 first two instalments of Rs. 1,000 per annum.

,, 18,000 in 12 annual instalments of Rs. 15,000 each. The instalments to begin from 1902-03.

As regards the other Banks the proposals made by the Inspector should be enforced.

8. *Bangalore District.*—It is reported that a uniform period of 10 years has been decided on as a reasonable time in the interests of both the Banks and Government for the repayment of Government loans. This proposal is approved.

In the case of Banks which have not yet commenced repayment, such repayment may begin from 1902-03.

In every case, the grant of permission to repay the Government loan by instalments, which is a most liberal concession, should be made conditional upon the punctual payment of the interest every half-year, and the whole loan should be made liable to be recalled in case of default, either of payment of interest or any of the instalments fixed.

The Deputy Commissioners are requested to take necessary action on the lines pointed out above, and to submit to Government before the end of August an annual statement of repayment in the form annexed. The statement for the past year should reach Government by the end of this month.

ALSO—

Letter No. 842, dated 10th June 1902, from the Superintendent of Revenue Survey in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

1. In reply to your docket No. 1684—R. F. 18-97, dated 1st May 1902, on the subject of a refund to Mr. K. Shamaiengar, Inamdar of Kudlur, Channapatna Taluk, I have the honor to state that, as already reported in my letter No. 616 of the 6th March last, I am unable to supply copies of papers connected with letter No. 6145—R. 139, dated 23rd March 1872, from the Chief Commissioner to the Survey and Settlement Commissioner. I have instituted a further search but without success.

2. Under the above circumstances, I will briefly state the present practice in regard to the survey and settlement of alienated and kayamgutta villages, the holders of which make application under the last clause of Section 236 of the Land Revenue Code. Government can then either affirm the present practice or lay down some standard mode of procedure.

3. On application by the holder of a village, as above, and after making certain that all the sharers in the village consent, an agreement on 8 anna stamped paper is taken to the effect that should the Inamdars not finally agree to accept the survey rates, the costs of measurement, classification and preliminary operations shall be borne by them and they shall receive in return only the "sud" and map of the village. The provisions of Chapters VIII and IX of the Code are then extended to the village and when operations are sufficiently advanced for the purpose, the Survey Superintendent (see Government Proceedings Order No. 3983-4—56, dated 24th July 1900) furnishes the Inamdar with an estimate of the probable effect of the settlement, who then has the option of adopting the survey rates or in default, paying the costs of all operations.

4. The above procedure works satisfactorily and the only trouble, as in the particular case now under reference, is occasionally as regards refunds when an Inamdar who applied in the first instance for only a detailed survey, and paid for the same, finally elects to have the survey rates introduced in his village. He then applies for refund. I must, however, bring to notice that in Bombay it has been ruled (see page 209 Sathe's edition) that when, on the application of the holder of an alienated village under Section 216 (Mysore 236), the extension of the provisions of Chapters VIII to X of the Code has been sanctioned, the holder in question has no option but must have the provisions of those chapters extended to and enforced in his village, whether the effect of those provisions be acceptable to him or not. I am convinced that the present practice in Mysore, which is the same as the old practice in Bombay, is preferable to the practice now followed in Bombay. (See Appendix XV, page 233 Sathe.) It seems to me much better that an Inamdar should give his raiyats the benefit of the survey settlement with his eyes open than be bound down, once he applies for the extension to his village of the provisions of Chapters VIII to X of the Code, to rates regarding which at the time he has little knowledge and often forms very exaggerated ideas.

5. The class of Inamdars to whom refund of costs of measurement and classification become necessary consists of those who in the first instance applied only for a detailed survey at their own cost, but afterwards, sometimes after a long lapse of time, applied for the introduction of the survey settlement also. There have also been cases in which an Inamdar having declined to introduce the survey settlement thinks better of it, on pressure being put upon him to pay the costs of measurement and classification and again applies for the survey settlement. In these and similar cases the Inamdar, no doubt, puts Government to expense, by way of re-measurement or Phut Pahani, which would not have been incurred had the Inamdar applied for the settlement within reasonable time.

6. In the accompanying form of agreement marked A, which I think might be adopted as a standard form of agreement to be taken from the Inamdars, I have provided in Condition 3 for cases in which Inamdars have by their own negligence or dilatoriness increased the usual cost of operations and would therefore be liable to have the abnormal expenditure in question, deducted, in the case of their agreeing to the survey settlement, from any refund they might

claim. For instance, an Inamdar who applied five years ago and had a detailed survey for which he has paid, now asks for the settlement to be introduced; he has in the meantime neglected the boundary marks and re-measurement becomes necessary, which would never have been the case had the Inamdar applied for the survey settlement in proper time; again, as once happened, an Inamdar may obstruct the Phut Pahani, delaying the settlement and rendering it necessary to do the Phut Pahani over again the next year. In both the above cases the Inamdars would probably claim refund as they had agreed to the settlement; it is perfectly fair that this refund should be decreased by the amount of the unnecessary expense to which Government had been put.

7. The form of agreement which I now recommend contains in itself the procedure when an application is made under the last clause of Section 236 of the Code. I recommend its adoption.

Accompani ment to Survey Superintendent's letter No. 842, dated 10th June 1902.

Agreement made by Inamdar of the village of
Taluk District.

Whereas I have applied to Government that under Section 236 of the Mysore Land Revenue Code, 1888, the provisions of Chapters VIII to X of that Code may be extended to my aforesaid village of ; and whereas in the event of my said application being granted Government undertakes, on condition of my agreeing to the stipulations hereinafter contained, to bear the costs of the survey and settlement as well on the first occasion of the same being effected after the date of this agreement as also hereafter whenever any revision survey or settlement is introduced by order of the Government according to law into my said village, I do hereby for myself, my heirs, executors and administrators agree, in the event of the survey settlement being extended to my said village, to the following conditions:—

(1) That I will pay the salaries and perquisites of the village officers of the said village according to the scale and in the manner prescribed, from time to time, for the payment of village officers of unalienated Government villages.

(2) That I will, from time to time, at my own expense, cause to be prepared and furnished with punctuality such periodical or other agricultural and vital statistics concerning the said village as may be required by the Deputy Commissioner and that in the event of my failure at any time to discharge this obligation the Deputy Commissioner may make such arrangements as he deems fit for obtaining such statistics, as aforesaid, and the costs which he incurs in so doing shall be a first charge on my revenue, recoverable in such manner as the Deputy Commissioner may direct.

(3) That if any extraordinary expenditure be rendered necessary owing to my negligence or delay in applying for the introduction of the survey settlement in my said village, such expenditure, as fixed by the Survey Superintendent, shall be a first charge on my revenue.

I further agree on behalf of myself, my heirs, executors and administrators, that in the event of my not agreeing, on the estimate of the probable effect of the survey settlement being intimated to me by the Survey Superintendent, to the extension of the survey settlement to my said village, I will pay the costs of measurement, classification and preliminary operations, which have been incurred, as fixed by the Survey Superintendent.

The Jamabandi Settlement, which lasted from the 21st December 1901 till the 17th April 1902, took three months and 26 days.

2. *Village Accounts.*—As will be seen from the following table, the Jamabandi Officers examined personally the accounts of 292 villages out of 1,063 settled. Mr. D'Souza examined 72·35 per cent of the accounts. Mr. Sparkes (Deputy Commissioner) was able to examine 14·70 per cent. Mr. Bava Rao just approaches the minimum of 20 per cent and the other two Officers are slightly above it.

Apart from a few errors and omissions which were rectified, the accounts are reported to have been generally well maintained.

3. *Accounts of Inam Villages.*—Out of 23 inam villages in the district, 13 have supplied accounts up to 1900-01 and 5 up to 1899-00. No accounts have been rendered by the remaining 5 villages, of which two are in the Kadur Taluk and 3 in the Chikmagalur, *viz.*, Iyenhalli, Surguppe and Belavadi. It is reported that the

Amildar of Kadur has promised to get the accounts of the two villages in his taluk, that in the case of the first two villages in the Chikmagalur Taluk, which belong respectively to the Palar Devar Matt and the Bababudan Darga, the Amildar has been directed to get the accounts prepared by the shanbhogs of the neighbouring villages, and that the accounts of Belavadi, which belongs to the Sringeri Matt, are promised by the DeputyAmildar to be submitted soon after the Survey Settlement. The number of defaulting villages is large, and the Deputy Commissioner is requested to take the necessary action and get the accounts up to date of all the villages.

4. *Pahani Work.*—Mr. D'Souza and Mr. Bava Rao have verified the entries in the Pahani Registers in greater detail than the other officers. Both of them state that the village officers did not properly fulfil their duty in this respect. Mr. D'Souza further observes that the Amildar of Koppa and the Deputy Amildar of Yedahalli had not signed even a single entry in the registers for having inspected any particular field, and that in many instances the crops entered by the shanbhogs were not what the land was actually cultivated with. In the Mudgere, Tarikere and Kadur Taluks, entries were found to have been made correctly. Want of proper inspection by the taluk officer is sure to result in inaccurate and false entries being made in the Register. Government regret to find that even after repeated instructions and remarks, the taluk and village officers have rendered themselves liable to be severely censured for their omissions in this respect. The Deputy Commissioner is expected to enforce better adherence to the standing orders on the subject.

5. *Inspection of Boundary Marks.*—The Jamabandi Officers report that the boundary marks were in an improved condition, though much remained to be done yet.

Mr. B. Ramaswamiah and Mr. Bava Rao do not speak of test inspection of the marks, in their reports. Mr. Sparkes states that in the Tarikere Taluk 2,913 numbers were already tested out of 6,266 to be tested by the end of June 1902. Mr. C. D. Ramaswamiah reports that in the Kadur Taluk test inspection was not as disappointing as it was last year. In the Koppa Taluk and the Yedahalli Sub-Taluk, the test inspection is reported not to be properly conducted. The Deputy Commissioner is requested to see that the rules on this subject are enforced in the whole of his district and proper inspections made.

It will be of great use, if, as has been done by Mr. D'Souza in a few instances, the Jamabandi Officers get a small number at least of the bandhs in disrepair repaired or the work begun in their presence. Such a course will not only show with greater force the importance of the work to the raiyats and others, but also will ensure its prompt execution. What is even more important is to bring the local officers who are guilty of neglect in this respect to the notice of Government or for the Deputy Commissioner himself to take adequate notice of their conduct. Mere warnings are useless.

6. *Boundary Marks on the Frontier.*—Mr. B. Ramaswamiah, who settled the Mudgere Taluk, has not reported upon this important matter, and consequently it is doubtful whether he inspected the marks. If he has not inspected them, the omission is inexcusable and if he has, he ought not to have forgotten to mention the fact in his report. Mr. D'Souza inspected the frontier marks in the Koppa Taluk on the—

(1) Kiggada Narasimiah Parvata in the Markal village,
(2) Turudagudda and
(3) Gangamula in the Seerle village.

The mark on Turudagudda was traceable with difficulty and Mr. D'Souza directed the patel, who was present during the inspection, to attend to its prompt restoration. The other marks were found in good order.

7. *Disposal of Takrar Takhtas.*—The number of cases received and disposed of by the several Jamabandi Officers were as follows :—

Mr. H. H. Sparkes	...	...	...	100
„ B. Ramaswamiah	...	...	...	100
„ T. Bava Rao	...	...	...	129
„ D'Souza	...	...	...	30
„ C. D. Ramaswamiah	...	...	...	80

8. *Darkhasts and Rajinamas.*—The registers of darkhasts and rajinamas of all the taluks were verified by the Deputy Commissioner, who had reserved for himself the inspection of all the taluk offices. He states that there were no rajinamas pending and that the number of pending darkhasts was as follows:—

Taluk.	Date of Inspection.	Number.
Chikmagalur	20th February 1902	27
Koppa	25th January 1902	32
Mudgere	28th April 1902	85
Kadur	31st December 1901	447
Tarikere	15th January 1902	38
Yedahalli (Sub-Taluk)	22nd do	18

A very large number of darkhasts is pending in the Kadur Taluk, which is explained as being due to the fact that the majority of darkhasts are for lands containing date trees and are pending in the Excise Department. The Deputy Commissioner reports that necessary orders have been issued to the Amildars to have the pending darkhasts speedily disposed of. Such orders have been found not to produce good results.

9. *Transfer of Pattas.*—The officers duly attended to the transfer of pattas, and the cases received and disposed of were as follows:—

	Received.	Disposed of.
Chikmagalur	683	683
Koppa	109	109
Mudgere	537	537
Kadur	300	300
Tarikere	438	438
Yedahalli	65	65

10. *Inspection of Waste Lands.*—All the officers except Mr. Bava Rao report that they inspected waste lands and that there were no encroachments.

A few cases of surreptitious use of Government water were detected by Mr. Sparkes and Mr. C. D. Ramaswamiah. All of them were brought on the takrar takhta and duly enquired into.

11. *Raiyats' Receipt Books.*—A large number of these are reported to have been examined by the officers.

12. *Tanks.*—The number of tanks inspected were as follows:—

21 in Tarikere Taluk, by Mr. Sparkes.
14 in Kadur Taluk, by Mr. C. D. Ramaswamiah.
15 in Chikmagalur Taluk, by Mr. Bava Rao.

Earthwork and turfing had to be done to the majority of tanks in the Tarikere and Chikmagalur Taluks. The Deputy Commissioner is requested to get the necessary work done by the raiyats concerned. The total number of tanks brought up to standard in each taluk should have been stated for comparison in each case.

13. *Sanitation.*—Mr. Sparkes during his inspection noticed a very marked improvement in the interest taken by the villagers in matters of sanitation. The villages inspected by the officers are reported to have been kept fairly clean.

14. *Vaccination.*—There was no improvement in this work during the year. The Deputy Commissioner states that necessary instructions have been issued to show better results in future.

15. The other work done by Jamabandi Officers, such as the inspection of schools, dispensaries, etc., calls for no remark.

1. Demi-Official letter dated 4th July 1902, from the Deputy Commissioner, Kadur District, recommending an additional grant to the Chikmagalur Agricultural Bank for working expenses and the appointment of a Government Inspector.

2. Letter No. 618, dated 14th June 1902, from the Deputy Commissioner, Hassan District submitting a report on the condition of the Agricultural Bank at Saklespur and recommending the grant of an additional loan of a lakh of rupees.

No. R. 2407-10—R. F. 100-96, DATED BANGALORE, 28TH NOVEMBER 1902.

ORDER THEREON.—The Agricultural Banks of Chikmagalur and Saklespur have become greatly involved in difficulties, and, for want of working capital, the estates, on the security of which loans were made, are deteriorating in value. The members of these two Banks were authorised to procure loans on the security of standing crops for the annual up-keep, but this arrangement is stated not to have worked successfully, as the loans that could, in the present circumstances, be thus procured were inadequate in the case of some of the estates to maintain them in good condition and as the members were generally not able to procure the loans when most needed. To prevent further deterioration of these estates, the preservation of which in a proper state is essential for the solvency of these Banks, the only possible remedial measure is to advance to these two Banks, for a few years, such sums of money as are necessary for their up-keep and as could be got back from the crop year after year. For this purpose, an annual grant of Rs. 60,000 for the Kadur District and Rs. 50,000 for the Hassan District will be made.

2. It is considered necessary that expert advice and inspection in regard to these two Banks should be secured. Accordingly, Government have decided to appoint an officer to be called the Inspector of Coffee Estates on a monthly salary of Rs. 500 to be paid out of funds of both these Banks.

3. With a view to secure the efficient working of the estates and to afford proper guarantee for the recovery of the advances made annually for working expenses and of the other dues to Government on account of assessment, interest on the original loan and repayment of the *loan* itself, the arrangements set forth in the accompanying memorandum are sanctioned as a tentative measure.

4. These two Banks should convene an extraordinary meeting of the General Assembly and pass special resolutions in continuation of their Articles of Association so as to give effect to the arrangements referred to, and the Banks should further execute the necessary agreements in favor of Government.

ARRANGEMENTS.

1. The Banks shall, some time before the end of February in each year, have an estimate prepared of the sums which may be required by each member for the proper cultivation and up-keep of his estate and the picking, preparation and sale of the crops and present the same with a formal application for loan to the Deputy Commissioner of the District, who will forward it to the Inspector of Coffee Estates for scrutiny and report.

2. The Inspector of Coffee Estates will at once proceed to inspect the estates and, within a fortnight of the receipt of the Deputy Commissioner's reference, submit his opinion to the Deputy Commissioner on the estimate framed by the Bank.

3. Out of the funds to be placed at their disposal for the purpose, the Deputy Commissioners of Kadur and Hassan shall have power to sanction the grant of loans to the Banks at Chikmagalur and Saklespur up to a limit of Rs. 60,000 and Rs. 50,000 respectively per annum.

4. Upon receipt of intimation of sanction, the Banks shall, at a meeting of the General Assembly, determine how the loan should be distributed among the different members and forward a copy of such distribution to the Deputy Commissioner for information and communication to the Inspector of Coffee Estates.

5. For the purpose of such advances, the loan sanctioned by the Deputy Commissioner will be drawn by the Banks in monthly instalments commencing from the month of April, and distributed to the members after obtaining from them statements duly signed, showing particulars of the *appropriation* of the sums obtained by them in the previous month. These statements will be transmitted to the Inspector of Coffee Estates by the President of the Bank through the Deputy Commissioner as early as practicable.

6. The loan so granted by Government for the cultivation and up-keep of estates will bear interest at 6 per cent per annum from the dates the instalments are drawn.

7. These advances shall on no account be applied to the opening of new estates or replanting of tracts which have gone out of cultivation.

8. Estimates of crops shall be made at convenient times by the individual members and by the Banks' Inspecting Committee and submitted by the Banks to the Deputy Commissioner, who shall forward them to the Inspector of Coffee Estates in sufficient time to enable him to inspect the estates and check the estimates and record his observations.

9. The members shall bind themselves not to dispose of their crop otherwise than through the Bank, and the Inspector of Coffee Estates will see that this condition is duly observed.

10. The members shall deliver all the produce of their estates to the Bank at its local office or to their agents on the Coast, prepared and packed in the usual manner for transit, and the Banks shall arrange to sell the crops to the best advantage and shall render to each member an account of the realizations of the sale of his crop and the proportionate expense incurred on that account.

11. The Banks shall at once pay over to the Government Treasury all the sums realized by them by the sale of crops as they are received and proceed to adjust the amount standing to the credit of each member on the principles mentioned below :—

Firstly, to the payment of arrears of assessment, if any, due by him.

Secondly, to the liquidation of the advances made to him by the Bank for working expenses, with interest thereon.

Thirdly, to the liquidation of the arrears of interest due on the loans already obtained by him from the Bank.

Fourthly, to the liquidation of the principal of the said loans as far as it would go.

12. The above scheme to be brought into effect from the year 1902-03 and loans sanctioned in the proportion of two-thirds of what would be required for a full year for use from December 1902 to March 1903.

13. The members shall bind themselves to make the payment of their debts to the Bank the first charge upon the sale of the produce and to refrain from raising loans elsewhere on the security of it.

14. The Banks shall strengthen the existing securities held by them by obtaining, wherever practicable, a mortgage of immovable properties owned by members and not already mortgaged either in respect of the loans due to them by the members or of the advances hereafter to be made to them, from time to time, for the upkeep and cultivation of their estates.

15. The Banks shall secure for themselves full powers and facilities necessary for entering upon and assuming the management by themselves of the estates of members who either misapply the advances made or do not take sufficient interest in the proper cultivation of their estates.

16. It will be the duty of the Inspector of Coffee Estates to inspect the estates from time to time in the course of his tours and give the planters the benefit of his experience of manuring, pruning, planting and other operations. He will submit a fortnightly diary to the Deputy Commissioner in which, in addition to other matters of interest connected with the condition of the estates, he will bring to the notice of the Deputy Commissioner any irregularities which he may observe, such as the number of coolies on roll not being actually employed, and misapplication of funds in other ways, and the members shall afford facilities to the Inspector for the satisfactory discharge of such duties.

17. The Banks shall maintain regularly and correctly such registers, accounts, documents, vouchers etc., as may be prescribed by Government and furnish to the Government through the Deputy Commissioner statistics and reports in such forms as may be prescribed regarding their working and condition.

18. The Banks shall not modify any of the existing rules without Government sanction.

19. The Banks shall give due consideration to any proposal which the Government may make upon the report of the Deputy Commissioner for the modification of any existing rule.

20. On the discovery of bad faith or of unwillingness or failure to take the necessary steps for the cultivation and up-keep of the estates and for repayment of the loans granted by Government on the part of the Banks, the Government will be at liberty to proceed to recover the loans and the arrears of interest due to them in the manner laid down in Section 74 of the Articles of Association.

With regard to the Saklespur Agricultural Bank the following additional arrangements are sanctioned:—

1. That in consideration of the members having been unable to repay in full the loans raised by them elsewhere for the up-keep of their estates last year and of some of them being further in arrear in regard to the Government assessment, the Government are pleased to recover from the proceeds of this year's crop only the arrears of assessment and the working expenses to be advanced this year with interest thereon and leave the balance with the Bank, as a special case for this year, to be loaned to members to enable them to discharge such loans as may be shown to the satisfaction of the General Assemby to have been incurred for the working expenses of last year but not discharged owing to insufficiency of the last year's produce.

2. That the Bank be allowed to permit its members to convert the existing loans of the second and third classes to the first class on the sureties assenting to join as such in the execution of deeds for the augmented first class loans.

3. That the Bank be allowed to raise the limit of the loan grantable to a member under the first class from Rs. 60,000 to Rs. 75,000, and of the total limit of all loans grantable to a member under Section 42 of the Articles of Association from Rs. 75,000 to Rs. 85,000.

No. Fl. 709—18, DATED BANGALORE, 3RD NOVEMBER 1902.

ORDER THEREON.—In the Government Order of November 1900 quoted above, the Deputy Amildars were authorised to draw and disburse only such fixed charges, as contingencies and pay of Sub-Taluk establishments. The Deputy Commissioner, Tumkur District, in his letter dated 13th July 1901, represented that the allowances due to chattrams and other religious institutions and to cash stipendiaries consisted of small sums and that, as the recipients thereof lived far away from Taluk Head-quarters, their presence at the Taluk Cutcherry every month greatly interfered with the performance of their duties, to say nothing of the hardship they were subjected to. He recommended that the practice in vogue hithertofore in respect of payment of Muzrai allowances through Deputy Amildars be continued. The Comptroller, Mysore Government, who was consulted in the matter, stated that Muzrai payments were not made through Deputy Amildars, as the Amildars drew the bills and made payments to the parties concerned. He further expressed a doubt as to whether the Muzrai institutions were under the direct orders of Deputy Amildars and whether the bills for stipends, establishments and other fixed charges were prepared by them. He was of the opinion that, if that was the case and the total amounts required by each Deputy Amildar be very small, these officers might be entrusted with making disbursements of Muzrai allowances also and that, if otherwise, the payments should be made by Amildars themselves through Hobli Shekdars in the few cases where the parties lived far away from Taluk Head-quarters. From the reports of Deputy Commissioners read above, it is clear that the Muzrai institutions in Sub-Taluks are under the direct control of Deputy Amildars, that the allowances (drawn by the Deputy Amildars in some Sub-Taluks and by the Taluk Amildars in others) are disursed by Deputy Amildars and that the amount is small in all the Sub-Taluks, except the French Rocks Sub-Taluk, where it amounts to Rs. 1,391-5-4 a month. The present system of making payments through Deputy Amildars is recommended by all the Deputy Commissioners.

The disbursement of Muzrai allowances and stipends through Deputy Amildars is accordingly sanctioned. The procedure to be adopted will be as given below :—

(i) In respect of the institutions in a Sub-Taluk, the bill for allowances and stipends should be prepared by the Deputy Amildar concerned, signed by him and sent to the taluk for encashment.

(ii) The money in accordance with the bill should be sent to the Deputy Amildar for payment, who, after disbursing the amounts to the parties concerned, should send an account, together with the undisbursed balance, if any, to the taluk for remittance to the treasury.

The Comptroller, Mysore Government, will issue the necessary instructions.

(2) Government Proceedings No. 8221-30—Fl. 810, dated 12th April 1901, sanctioning allowances to Munsiffs whenever placed in temporary charge of District Treasuries and directing that in Hassan and Chitaldrug the Munsiffs be in charge of the Treasuries till the jamabandi work was over.

(1) Letter No. 40, dated 9th July 1901, from the Deputy Commissioner, Hassan District, reporting that the Munsiff of Hassan has been in charge of the Treasury since the beginning of June 1901, and requesting that he may be allowed to draw an allowance of Rs. 50 per mensem for the period he was in charge of the Treasury.

(2) Further correspondence ending with letter No. 161—S., dated 23rd September 1902, from the Deputy Commissioner, Hassan, on the same subject.

No. Fl. 744-53, dated Bangalore, 8th November 1902.

ORDER THEREON.—In August 1901, the Deputy Commissioner, Hassan District, was asked to report when the jamabandi work in his district was over and whether the Munsiff was still in charge of the District Treasury and why he was not relieved of the charge. In reply the Deputy Commissioner reports that the jamabandi work was over on 13th July 1901, but the Munsiff was asked to continue to be in charge of the Treasury till 12th April 1902, as Mr. K. Chandy was deputed to supervise the work of repairing boundary marks.

2. Under the circumstances the allowance of Rs. 50 per mensem from 5th June 1901 to 12th April 1902 recommended in favor of the Munsiff in charge of the District Treasury, is sanctioned. The charge is debitable to "4. Land Revenue charges" of the Hassan District.

3. The Deputy Commissioner will incur personal responsibility if, when the full complement of officers is present in the District, he asks the Munsiff to do the Treasury work without the sanction of Government, and necessitates the grant of allowance as in this case.

Proceedings of the Government of His Highness the Maharaja of Mysore,

No. 740-48—P. F. 36-02, DATED BANGALORE, 4TH NOVEMBER 1902.

ORDER.—The Government have noticed in several reports from the Deputy Commissioners of Districts the use of the term "scale" to denote the villages formed into a circle and placed in charge of a single officiator shanbhog at the Potgi Settlement. This use of the term in this sense is, however, inappropriate and should be discontinued, the proper term being "circle".

Subject.

Appeal against the order of the Deputy Commissioner, Kadur District, declining to register the inam lands, Survey Nos. 487 (part) and 488 of Sakrepatna and Survey Nos. 29, 30, 32 and 47 of Bannur village, Kadur Taluk, in the name of the appellant.

Facts of the Case.

Ramanna, khatedar of the lands in question (measuring in all 61 acres and 5 guntas), died in March 1900, leaving him surviving a widow (the respondent) and two minor daughters. The appellant, a distant divided cousin of the deceased, thereupon applied for the registry of the lands in question in his name. During the jamabandi of the following year, the Jamabandi Officer Mr. B. Ramaswamiengar directed the registry of the lands in question in the name of the respondent and rejected the appellant's application. On appeal the Deputy Commissioner upheld the Jamabandi Officer's order.

Decision.

The appellant has no case at all. Government decline to interfere.

Ramakka		Chendrappa.

Subject.

Appeal against the order of the Deputy Commissioner, Kolar District, appointing the respondent in preference to the appellant as the shanbhog of Nirgantipalli and two other villages, Bagepalli Taluk.

Facts of the Case.

On the death without issue of Andaka Narnappa, the last male holder of the shanbhogi office in question, the office was registered in 1877 in the name of Lakshmamma, the widow of an elder brother of Narnappa, there being no male heirs in the family of the deceased shanbhog, and the respondent who is the brother of Lakshmamma and had been the gumasta of Narnappa and his predecessor was allowed to continue as gumasta. On the death of Lakshmamma soon after, the office was registered in the name of Chennamma, widow of another elder brother of Narnappa, the respondent continuing as gumasta. Chennamma having died in 1893-94 and the respondent having applied for the registry of the office in his name, the Sub-Division Officer sanctioned the application and rejected the claims of Ramakka who is the widow of a distant relation of Narnappa. On appeal the Deputy Commissioner affirmed this order.

Decision.

The Deputy Commissioner's order is correct. The appellant has not made out a case. The appeal is accordingly rejected.

Appeal No. 13 of 1902-03.

Appellant	*versus*	Respondent
Giriappa		Ramegauda.

Subject.

Appeal against the order of the Deputy Commissioner, Kolar District, setting aside the sale of the respondent's movable property for arrears of rent alleged to be due by him to the Kayamguttadar of Angatatti village, Sidlaghatta Taluk.

Facts of the Case.

The Kayamguttadar of Angatatti village in the Sidlaghatta Taluk having failed to pay up the arrears of revenue due to Government, the village was taken under Government management in 1897, under Section 165, Land Revenue Code, and one

Rayasam Shamanna was appointed by the Deputy Commissioner to assist the Kayamguttadar in the collection of the arrears outstanding in the village. Shamanna and the Kayamguttadar having produced a statement showing the respondent as being in arrears to the extent of Rs. 702-10-3, calculated with interest from the year 1886-87 at the rate of Rs. 73-4-11 for certain years and other amounts for certain other years, the Amildar, under the orders of the Assistant Commissioner, distrained and sold a stock of grain belonging to the respondent, in satisfaction of the said arrears. The respondent appealed to the Deputy Commissioner and urged that he was not in arrears, having paid up the mamul rent due by him at the rate of Rs. 34-10-4 per annum, and that he was not bound to pay the excess rate demanded of him. The Deputy Commissioner held that the respondent was not liable to pay the enhanced rate of assessment claimed by the Kayamguttadar until the claim for it was first substantiated in a Revenue Court, and cancelled the sale. Hence the present appeal by Giriyappa, who claims to be the manager of the village under a will of the deceased Kayamguttadar.

Decision.

The Deputy Commissioner's order is correct. The excess over the usual assessment claimed by the Kayamguttadar cannot be recovered for him by Government in this summary proceedings.

The appeal is rejected.

Narasappa.		Ramanna.

Subject.

Appeal against the order of the Deputy Commissioner, Bangalore District, directing the appellant to vacate in favor of the respondent the shanbhogi office of kayamgutta Manchanaikanhalli, Nelamangala Taluk, in accordance with the arrangement by which they had agreed to discharge the Shanbhogi duties by rotation.

Facts of the case.

A dispute having arisen in January 1897, regarding the claims of the appellant and the respondent to officiate as shanbhog of Manchanaikanhalli village, the Amildar enquired into the matter, with the result that the parties finally agreed in writing to an arrangement by which each was to officiate as shanbhog for two years in rotation. The appellant, who was bound to vacate the office in 1899 under the above arrangement, refused to do so on the grounds that his consent to it had been given under a misconception of facts and that the respondent had no right to the office. The Assistant Commissioner, in the first instance, and the Deputy Commissioner, on appeal, directed the appellant to hand over charge of the office to the respondent. In his appeal to Government, the appellant urges *inter alia* that the respondent is the shanbhog of other villages and could not therefore attend to the duties of the

kayamgutta village in addition. The Deputy Commissioner (Mr. Sparkes) reports that the respondent is the officiator shanbhog of eight villages, excluding the village in question.

Decision.

The Deputy Commissioner's order is in accordance with the arrangement come to by the parties in 1897. Government see no reason to interfere. The appeal is dismissed.

2. It is a matter for the consideration of the Deputy Commissioner, whether for administrative reasons it is desirable to allow the respondent to have charge of this village as well as of certain other villages of which he is already the shanbhog.

Patel Rangagowda.

Subject.

Appeal against the order of the Deputy Commissioner, Tumkur District, dismissing the appellant from the Pateli office of Gudigigondanhalli, Tiptur Taluk, for failing to report certain cases of encroachment upon Government lands in the village.

Facts of the Case.

The Excise Inspector having brought to notice a case of encroachment on Government land in the said village, the Amildar held an enquiry in the course of which two more cases of encroachment were brought to light. One of these was that of the appellant's brother Timmegowda, khatedar of S. No. 18, who had encroached upon and been enjoying for some years, a portion of the neighbouring S. No. 19, (gomal). The appellant and the shanbhog admitted their negligence and the matter having been brought on the Takrar Takhta during the Jamabandi of the year 1901-02, the Jamabandi officer (the Deputy Commissioner) passed an order dismissing the appellant and suspending the shanbhog for five years.

Decision.

The appellant was admittedly guilty of gross negligence. He has been rightly dismissed. His dismissal does not, however, disqualify his son or other legal heir from being appointed to succeed him, if found competent.

Subject.

Appeal against the order of the Deputy Commissioner, Mysore District, declining to restore the appellant to the pateli office of Sarvamanya Sarangi village, Krishnarajpete Taluk.

Facts of the Case.

The appellant who had been the patel of Sarvamanya Sarangi village belonging to the Sri Parakalaswami Matt, was dismissed by the Matt in 1884 on the ground of unpopularity and misconduct, his younger brother Eregauda (respondent) being appointed in his stead. The appellant having complained to the Sub-Division Officer in 1893 of his dismissal, enquiry took place and at last in 1900, the Deputy Commissioner approved of the Matt's action in dismissing the appellant and appointing the respondent and directed the removal of the name of the former from the Barabaluti Register. The appellant urges that he was not dismissed on sufficient grounds and prays for re-instatement.

Decision.

The appellant was dismissed so far back as 1884-85. Government see no reason to interfere. The appeal is rejected.

Facts of the Case.

For arrears of revenue due for the year 1899-00 on the respondent's lands in Gilalagundi village, Survey No. 2 was, after the preliminary processes, sold to the appellant on 16th August 1900 for Rs. 65. The Sub-Division Officer confirmed the

sale on 17th October 1900. The respondent having applied to the Deputy Commissioner for cancellation of the sale and alleged that there were some irregularities in conducting the sale, the latter cancelled it on the ground *inter alia* that the land had been under-valued and that a copy of the sale notice had not been affixed to the defaulter's dwelling place.

Decision.

There were several material irregularities in connection with the sale. The Deputy Commissioner has rightly set aside the sale. Government see no reason to interfere. The appeal is accordingly rejected.

Appellant—Venkoba Rao.

Subject.

Appeal against the order of the Deputy Commissioner, Shimoga District, cancelling the sale to the appellant of land Survey No. 163 of Muniyur village, Tirthahalli Taluk, and directing its re-sale.

Facts of the case.

In a sale held for arrears of revenue due on the land by its khatedar Ranga, the land (S. No. 163) was purchased by Government for a nominal price for want of bidders. Shortly after this, the appellant applied for and obtained it in a malki sale. On the subsequent representation of the khatedar, who offered to pay up the arrears, the Deputy Commissioner cancelled both the malki sale and the subsequent sale for arrears of revenue and restored the land to Ranga. In their Decision No. 1320—P. F. 35-01, dated 10th January 1902, passed on the appeal of the present appellant, the Government cancelled the Deputy Commissioner's order and upheld the sale held for arrears of revenue. The Deputy Commissioner, considering that the Government decision did not affect the cancellation of the malki sale, has ordered a re-sale of the land.

Decision.

The Order of Government dated 10th January 1902 had the effect of recognising and confirming the malki sale in favor of the appellant. The further proceedings since ordered cannot be supported. The appeal is allowed and the malki sale affirmed.

Subject.

Appeal against the order of the Deputy Commissioner, Shimoga District, confirming the sale for arrears of revenue of Survey Nos. 53—1 and 68 of Kanakatte village, Shimoga Taluk.

Facts of the case.

The assessment for 1900-01 on the appellant's lands in Kanakatte village, Shimoga Taluk, having fallen into arrears, Survey Nos. 53—1 and 68 out of the four survey numbers belonging to the appellant, were after the usual preliminaries sold to the respondent on 2nd July 1901 for Rs 22-8-0. The appellant applied to the Assistant Commissioner in charge of the Taluk for setting aside the sale on the ground that he had no notice of the sale or of the existence of the arrears, but the Assistant Commissioner rejected the application as the demand and sale notices had been served on the land, the appellant residing in Bukkambudi in Tarikere Taluk, and as notice of the arrears had been given to the appellant through the Amildar of the Tarikere Taluk. On appeal, the Deputy Commissioner affirmed the above order, remarking that the appellant was a habitual defaulter.

Decision.

The sale was properly held. The Deputy Commissioner's order is correct. Government see no reason to interfere. The appeal is rejected.

The following replies from the Deputy Commissioners of Districts and the Superintendent of Revenue Survey :—

Serial No.	Letter No.	Date.	From
1	582	11th January 1901	Deputy Commissioner, Chitaldrug District.
2	476	13th February 1901	Ditto Kadur do

8	23—18 ..	6th July 1901	Ditto Shimoga do
9	143	20th August 1901	Survey Superintendent.

The following is a summary of their replies:—

(1) The Deputy Commissioner, Chitaldrug District, reports that there are no such cases in his district.

(2) The Deputy Commissioner, Kadur District, reports that there is only one such tank in his district (called Kerehosahalli, Tarikere Taluk) for which no remission of irrigation cess is granted in favor of its owner.

(3) The Deputy Commissioner, Bangalore District, answers the question in the negative and states that in places where the Survey Settlement was introduced before 1872, the cess was made a distinct levy; that subsequent to that year, it was merged in the wet assessment and that in those cases the quarter assessment given to the owners of the tanks includes also the irrigation cess.

(4) The Deputy Commissioner, Kolar District, reports that no remission of irrigation cess is made separately in favor of the owners of tanks enjoying chowthayi remission in all the taluks of his district, being merged in the wet assessment, except in the Sidlaghatta and Chintamani Taluks where the cess is levied separately on the total assessment of wet and garden lands, but that no remission is granted in their favor.

(5) The Deputy Commissioner, Mysore District, reports that there are only three such tanks in his district and that the owners pay irrigation cess at one anna per rupee on the full amount of assessment irrespective of the chowthayi remission.

(6) The Deputy Commissioner, Tumkur District, reports—

i. that in the Maddagiri, Sira, Pavagada and Kunigal Taluks, irrigation cess is levied on the entire assessment on lands under such tanks;

ii. that in six out of eight cases in the Tumkur Taluk, irrigation cess is levied on the chowthayi assessment also, but that in one case the irrigation cess on the whole atchkat (which is in the tank owner's occupation) is fully remitted, whilst in another case, the cess being merged in the wet assessment, there is no separate levy or remission of the cess;

iii. that in the Gubbi Taluk, a remission of Rs. 1-1-6 is allowed in respect of one-fourth of the entire assessment (Rs. 70-8-0) on the 17 acres and 19 guntas below the private tank of Gudiyanakanahalli;

iv. that in the Koratagere Sub-Taluk, the cess in six cases is reported as being remitted on the entire assessment; and

v. that in the Turuvekere Sub-Taluk in which there is only one such tank, no irrigation cess is separately levied and recovered and states that there is nothing to show how the diverse practices as above stated crept in.

(7) The Deputy Commissioner, Hassan District, reports that there are seven such tanks in his district, that till the year 1898-99, no irrigation cess was being realized on the chowthayi remission amount, when Government Order No. 4010—R. F. 48-96, dated 5th December 1898, was issued directing the uniform levy of irrigation cess on all lands enjoying the said chowthayi remission, that since 1898-99 the cess is being realised merged in the wet assessment and that since that year, no remission of irrigation cess seems to have been made.

The Deputy Commissioner further adds that the *irrigation cess* as distinguished from *water rate* pertains to the upkeep of the tank, the owners of which enjoy chowthayi remission and that so long as the owners effect efficient repairs, the levy of irrigation cess on the wet assessment of Sirkar lands under the tanks seems not fair.

(8) The Deputy Commissioner, Shimoga District, reports that there are no such tanks in his district, that there is however one tank in the village of Suthukote, Shimoga Taluk, constructed by one Gargina Sangappa at his own cost with an atchkat of 45 acres and 20 guntas, that since the Survey Settlement (of 1875-76) one-third of the wet assessment, *viz.*, Rs. 10 is being annually refunded to the heirs of Sangappa as per Survey Superintendent's yadi, dated 20th June 1895, that the irrigation cess having been merged in the wet assessment, a sum of annas 10 due on the amount refunded is added on to the khata in question and levied separately, in addition to Rs. 20-8-0 retained as wet assessment and that thus it is evident that no remission of irrigation cess is made to the owners of the tanks.

(9) The Superintendent of Revenue Survey who was consulted, is of opinion that personally he is opposed to the remission of irrigation cess on the *chowthayi* assessment granted to owners of private tanks in respect of lands irrigated thereunder, on the ground that the owners of such tanks have benefited by general irrigation schemes and by the maintenance of the series of tanks to which many of them belong. But seeing that the Inamdars have been exempted from the payment of irrigation cess in respect of their lands depending solely on their village tanks, he thinks that remission of irrigation cess now claimed may be allowed.

No. 852-60—P. F. 70-02, DATED BANGALORE, 14TH NOVEMBER 1902.

ORDER THEREON.—No case has been made out for discontinuing the present practice which may continue as heretofore. The cess should be levied on the full assessment of the lands under the tank, wherever it has been a distinct levy, the full assessment being levied in those cases in which the cess has been merged in he assessment.

		2. Krishnappa.

Subject.

Appeal against the order of the Deputy Commissioner, Kadur District, confirming the sale for arrears of revenue, of Survey No. 40 of Vatiganahalli, Chikmagalur Taluk.

Facts of the case.

For arrears of revenue amounting to Rs. 7-9-0 due for 1900-01, on Survey No. 40 (coffee), measuring 14 acres and 14 guntas and assessed at Rs. 14-4-0, in the joint khate of the appellant and three others in Vatiganahalli, Chikmagalur Taluk, the land in question was forfeited to Government on 16th June 1901 and notified for sale on the 22nd July 1901. The appellant refused to sign the sale proclamation, but copies of it were affixed to the dwelling places of two other khatedars. On 24th July 1901, to which date the sale was adjourned, the shekdar conducted the sale of the land and knocked it down to the 1st respondent for Rs. 8. On 13th August 1901 the appellant offered to pay up the arrears and prayed for the cancellation of the sale. The Assistant Commissioner in charge of the taluk reported that there were no irregularities in conducting the sale, and thereupon the Deputy Commissioner confirmed it. The 1st respondent has since conveyed the land to the 2nd respondent.

In appealing from the above order, the appellant alleges that the sale has been vitiated by irregularities in the service of notices and in valuing the land and by fraud on the part of the shanbhog.

Decision.

The sale is reported to have been properly held. No irregularity or fraud has been proved. The Government decline to interfere. The appeal is rejected.

Appeal No. 12 of 1902-03.

Appellant	*versus*	Respondent
Ramanna (minor) by mother and guardian Kenchamma.		Lakshmanayya.

Subject.

Second appeal against the decree of the Deputy Commissioner, Tumkur District, dismissing the appellant's (plaintiff) suit for recovery of the shanbhogi office of Jabaghatta firka, Tiptur Taluk.

Facts of the Case.

In 1868, the appellant's father, Doddannayya, who was the hakdar shanbhog of Jabaghatta firka, was dismissed by the Deputy Superintendent, Tumkur District, for continued absence from his duties. Though subsequently restored on a promise of amendment, Doddannayya lost the office in 1870 by again absenting himself in another taluk (Channarayapatna), where he was the shanbhog of Santeswara firka.

2. From 1870 to 1878 the Amildar found great difficulty in appointing a competent officiator, as Doddannayya had no hissedars and as the shanbhogs of neighbouring firkas had sufficient work of their own.

3. In 1878, one Venkatakrishnayya, shanbhog of a neighbouring firka, was appointed officiator of the firka in question and continued in office till his death in 1882. As nobody claimed the office on behalf of either Doddannayya or Venkatakrishnayya, the Amildar appointed the respondent Lakshmanayya as officiator. He was in 1885 put in possession of the service inam lands and has been in possession of the office since then. In 1889, Ranganna, the eldest brother of the appellant, claimed the office, but the Deputy Commissioner referred him to a regular suit. In 1897 Sanna Ranganna, elder brother of the appellant, claimed the office, but although the Deputy Commissioner allowed the claim and put him in possession of the shanbhogi office, the claim was finally dismissed by Government in their Order No. 7444-51—P. F. 81-98, dated 18th April 1899, on the ground that the respondent had been in adverse possession of the office for more than 12 years. In July 1901 the appellant brought a regular suit for the recovery of the office and both the Assistant Commissioner and the Deputy Commissioner have concurred in dismissing the suit.

Decision.

This is a hard case. Appellant is the hakdar to the firka and his hak has not been disputed. But Government for administrative reasons appointed respondent to do the work of shanbhogi and this man has been in uninterrupted possession ever since 1884. He cannot be ousted at this stage. Appeal is dismissed.

(9) Letter No. 248, dated 22nd October 1902, from the Superintendent of Revenue Survey, giving his opinion on the above :—

"I have the honor, as requested in your letter No. 221—P. F. 74-79, dated 29th July 1902, to report upon certain survey numbers in the Bangalore and Kolar Districts, given out on so-called Hulgaval tenure.

2. There are some 13 cases, of which 4 are cases in which the pasturage rate differs from the rate in the akarbund and a prohibition against cultivation is recorded, 5 cases in which the so-called pasturage rate and the akarband rate are the same, 2 are cases in which the pasturage rate and the akarband rate are the same but cultivation is recorded as prohibited, one is a case in which survey number appears as "Kharab" but a fixed payment as pasturage was allowed, one is a case in which kharab land was assessed at four annas per acre and brought on to the akarband.

3. In all the above cases, the special procedure adopted was without doubt due to very strong claims to pasturage rates established by the holders, and details can of course be ascertained, but to do so will take some time.

4. I can only suggest that the settlement as recorded in the "Faisal Patrik" be observed.

5. The above exceptional cases cannot be taken to imply that any system of pasturage assessment is countenanced or permitted under the Survey Settlement.

6. Of the cases noted I personally decided only two. In one case, I allowed the holder of pasturage, who had been paying Rs. 15-5-11 for a number of years, to continue such payment, but I entered the survey number as unculturable; in the second case, I fixed a light rate, but not a pasturage rate, and entered the same in the akarband.

7. I beg to return the accompaniments to your letter under reply."

No. 953-61—P. F. 74-99, DATED BANGALORE, 27TH NOVEMBER 1902.

ORDER THEREON.—Recorded.

2. Such of the cases as are not in consonance with the principles of Survey Settlement should be settled in accordance with them at the revision of survey, the settlement as recorded in the Faisal Patrik being in the meanwhile observed.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Note dated 23rd October 1902, by the Officiating Conservator and Secretary to Government, Forest Department, bringing to notice the delay on the part of the Settlement Officers in taking up and completing the work of forest settlement entrusted to them.

No. 291-8—2420-7, DATED BANGALORE, 7TH NOVEMBER 1902.

ORDER THEREON.—Government observe that most of the notifications under Section 4 of the Mysore Forest Regulation are over a year old and that except the Settlement Officers of Tumkur and Chitaldrug no other officer has taken up the work. Nearly all the notified blocks are situated in the midst of cultivated villages and could be dealt with without prejudice to their other duties in the course of their jamabandi and other tours. Mr. Ramaswami Iyer had sent up a number of reports, but all of them had to be returned for revision owing to the irregular procedure followed by him and the admission of unclaimed rights.

2. The state of affairs brought to notice is unsatisfactory. Delays in such matters are highly undesirable. Preliminary notifications should, with reasonable promptitude, be followed up by the requisite subsequent action in view to final notification being issued in accordance with law. Otherwise the former would be an empty formality. Several of the officers concerned do not seem to have given this matter the attention which its importance requires; while Mr. Ramaswami Iyer is labouring under a misapprehension as to what, as a Settlement Officer, he is expected to do.

3. Deputy Commissioners are therefore requested to impress upon the Settlement Officers of their districts the desirability of taking prompt action in this matter. They should be called upon to submit for the information of Government a monthly progress report, as per form annexed to this order, showing progress made by them in each month. This report should reach Government before the 10th of the following month.

(4) Note by the Officiating Conservator of Forests and Secretary to Government, Forest Department, dated the 20th October 1902.

No. 327-34—2529-36, dated Bangalore, 12th November 1902.

Order thereon.—It has been brought to the notice of Government that goats are at present rigorously excluded from State Forests by executive orders, and that where gomal lands, set apart for village requirements are inadequate, great hardship is inflicted on people by reason of this exclusion. It is reported that in the Madras Presidency the practice is to provide browsing areas for goats under certain restrictions where such concession is found absolutely necessary. Mr. Muthannah therefore proposes that similar concessions may be shown in all the Maidan Districts of the State where the inadequacy of gomal lands is felt as a hardship.

2. Government are pleased to approve of the proposal as an experiment, subject to a further report at the end of two years. All considerations point to the desirability of due provision being made for the browsing of goats in our forests under proper safeguards. Suitable areas should be selected from time to time in the four Maidan Districts of Kolar, Bangalore, Tumkur and Chitaldrug not exceeding 200 acres each, in convenient localities and set apart for the purpose. The concession, which will be revocable at any time will be subject to the following conditions:—

(*a*) Goats should be in charge of adult herdsmen for whose good behaviour the villagers conjointly should hold themselves responsible;

(*b*) the lopping of branches and stripping of leaves should be prohibited; and

(*c*) for the breach of these rules and of any that may be framed hereafter, the forests will be strictly closed against goats. A fee of 3 to 8 annas according to the localities concerned, will be levied on each goat, the regulating of the fee within these limits being left to the Conservator.

MILITARY

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Report by the Chief Commandant, Mysore State Troops, on the working of the Mysore Military Forces and Military Stores for the year 1900-01.

No. 1225—55, DATED BANGALORE, 8TH NOVEMBER 1902.

ORDER THEREON—Government remark that the form of the report requires modification. Details which should be left to the attached statements are given undue prominence and the report is generally too long.

2. For purposes of comparison, the strength of the Forces at the close of the previous year should be given in juxtaposition to the numbers at the close of the year under report.

3. Dealing with the items of the general report, Government note that the figures under castes show a somewhat large increase under Mahomedans.

4. *Expenditure.*—There has been an increase of Rs. 60,000 in total expenditure.

5. *Establishment.*—The Cavalry Branch is recruited up to nearly full strength.

II. AS REGARDS THE IMPERIAL SERVICE LANCERS.

6. *Riding Schools.*—It appears that 107 horses of those admitted are still under tuition.

7. *Remounts.*—It is noted that the year closed with 477 horses, *i. e.*, some 40 short of strength and that 148 (a very large number for a Regiment totalling 515 combatants) were obtained during the year.

8. *Signalling.*—Government are glad to note that the signalling is said to have improved.

9. *Musketry.*—As explained in the report the figures given are useless for comparison with previous years. It is understood, however, that in this important branch the Regiment has made progress.

10. *Inspection.*—Government note with pleasure that the Lines and Regiment were visited by many distinguished Officers who expressed their satisfaction but at the same time would point out that the details of the exercises performed on such occasions, though possibly useful for Regimental records, may be omitted from the annual report.

III. LOCAL SERVICE REGIMENT.

11. *Riding Schools.*—Of 96 admissions during the year, 80 were remaining at the close.

12. *Remounts.*—It is noted that while eight horses were transferred from the Imperial Service Regiment only five were received. In future reports, the destination of transferred horses should be noted.

IV. MILITARY FUNDS.

13. From the Comptroller's report, it would appear that some small difference exists between the figures shown by the Chief Commandant in his statements and those which appear in the books of his office. This, the Comptroller states, will be analysed and adjusted in the current year's accounts.

V. INFANTRY.

14. *Strength.*—The Infantry are 126 under strength.

VI. MILITARY STORES.

15. Government note that 40 transport carts were made up during the year.

Letter No. 3161—536, dated 6th February 1902, from the Deputy Commissioner, Kolar District, reporting that the village of Purasanahalli in the Malur Taluk which is assigned as inam for the up-keep of the Sri Sankaranarayanaswami temple at Malur, was formerly under the management of one Govinda Singh, that after his death one Devi Singh assumed the management, that its affairs are not now being properly looked after, and that Devi Singh has given a statement stating that he is unable to look after the village, and requesting that it may therefore be taken over under Government management and Survey Settlement introduced into the inam village and stating that the raiyats of the village are prepared to meet the cost of the Settlement.

No. 935-6, DATED BANGALORE, 7TH NOVEMBER 1902.

ORDER THEREON.—Under the circumstances represented in the letter read above, the Government are pleased to sanction the Deputy Commissioner's recommendation to take over the inam village of Purasanahalli under Government management. The Deputy Commissioner is requested to submit proposals for the better management of the temple.

2. The Government are further pleased to sanction the introduction of Survey and Settlement into the inam village and the Superintendent of Revenue Survey is accordingly requested to take necessary action in the matter in communication with the Deputy Commissioner of the Kolar District.

Letter No. 528—23, dated 28th November 1901, from the Deputy Commissioner, Shimoga District, reporting on the above.

No. 964, DATED BANGALORE, 8TH NOVEMBER 1902.

ORDER THEREON.—The fact of the case are as follow:—

"The marginally noted lands are endowed as Inam to the Malay Sankara Devaru at Ayanur village, Kumsi Sub-Taluk. The appeal petitioners have been the Vahivatdars of the temple and its Inam lands, the lands being under their enjoyment on the condition of their performing the annual car festival of Sankara Devaru.

2. In December 1900, the Deputy Amildar of Kumsi reported to the Deputy Commissioner that the car festival for the three preceding years had not been celebrated by the petitioners, but that the devotees had collected subscriptions and celebrated the Utsavam, and that the petitioners had hypothecated the temple Inam lands to one Raghavendra Rao, on account of some debt due to him by the petitioners. (A copy of the hypothecation deed executed by the petitioners in favor of Raghavendra Rao, which has been duly registered, and whereby the temple Inam lands in question have been hypothecated, is in the file.)

As the income from the Inam lands due to the temple, which for three years preceding Vikari, calculated at the rate of Rs. 25 per annum, remained in arrears, the petitioners in a Mutchalika executed by them, stated that the arrears would be paid by them before the end of June 1899. They have since paid Rs. 52 and the balance is still outstanding. They were also told that the Inam lands should be freed from hypothecation, but they did not do so; the executant also declined to give up the lands until his debts had been paid up.

3. In the year Sarvari, the temple lands had been let out on gutta to one Thimma on condition of his paying to the temple 4 kandies of paddy. The Amildar requested that, as the petitioners had hypothecated the Devadaya Inam lands of the temple and as they failed to fully pay up the arrears of the produce thereof, the lands might be resumed to Government.

4. The Deputy Commissioner (Mr. H. V. Nanjundayya,) thereupon directed the Amildar that, as the petitioners had mortgaged the Devadaya temple Inam lands and as they had failed to pay up the arrears due to the temple, the temple lands might be resumed forthwith, without any notice being issued to the executant of the deed, and the lands brought under Government management and leased out to the interests of the Institution and directed also that the arrears should be recovered from the petitioners and credited to temple funds, utilizing the amount to repair the Institution which stood in need of repair.

5. The petitioners thereupon petitioned the Deputy Commissioner, who however rejected the petition and confirmed the order directing the Amildar to resume to Government the temple Inams.

6. Against the foregoing order of the Deputy Commissioner, the petitioners have preferred their present appeal to Government, the chief grounds being :—

That they have been in possession of the lands from the time of their ancestors, that they once repaired the Institution, that they have been performing the car festival every year, that they have no self-interest in the lands but only wish to maintain their family honor and that the lands have been given to one who suffered imprisonment at one time. They pray that the lands may be restored to them on condition of their celebrating the annual car festival or on condition of their paying a certain amount to the temple every year.

7. The Deputy Commissioner (Mr. K. P. Puttanna Chetty) in reporting on the petition, states that the petitioners, as Managers of the temple, unauthorizedly alienated the Inam lands belonging to the temple in 1893 and that they have therefore been summarily resumed and leased out to one Yellappa on a favorable rate of annual rent of Rs. 8-8-0, and 4 kandies of paddy to the best advantage of the temple."

8. With reference to the above, the Government observe that, as the alienation was made recently, *i. e.*, in 1898, the lands are liable to summary resumption and restoration to the temple under clause B, Rule II of the Notification No. 266, dated the 17th November 1877, issued by the late Chief Commissioner under the sanction of the Government of India.

9. The Deputy Commissioner's order resuming the lands in question is accordingly upheld, and the appeal petition rejected.

No. 1005-9, DATED BANGALORE, 13TH NOVEMBER 1902.

ORDER THEREON.—The temple of Veeranna Devaru at Hosaballahalli in the Malur Taluk is endowed with the marginally noted inam lands. The temple is reported to be in a state of utter disrepair without worship being conducted in it. The inam lands are being unauthorizedly enjoyed by the patel and the shanbhog of the village for many years past. The Deputy Commissioner reports that there is no chance of the temple being restored by the devotees and puja revived therein, and therefore recommends that the inam lands may be resumed and given out for full assessment and the present holders, who have no right to them, dispossessed of them.

Petition No. 242, dated 10th September 1897, from Singarachar and Bhattarachar of Chikballapur, appealing against the Kolar Deputy Commissioner's order rejecting their claim to the "Agra Thirtha" honors in the Sri Ranganathaswami temple at Rangasthala, Chikballapur Taluk.

AND—

Records relating to the foregoing appeal petition submitted by the Deputy Commissioner, Kolar District, with his docket No. 1306—307, dated 21st October 1897.

No. 1092—MUZ. F. 24-96, DATED BANGALORE, 22ND NOVEMBER 1902.

ORDER THEREON.—The facts of the case are as follow :—

The Swami of the Sri Parakala Matt addressed a Srimukha, dated Aswija Bahula Dwadasi of the year Jaya (1894-95), to the Sub-Division Officer of Chikballapur, stating that the "Agra Thirtha" honors in the Sri Ranganathaswami temple at Rangasthala were due to the Matt, as per Nirup issued by His Highness the late Maharaja Krishnaraja Wodiyar Bahadur III, in the year 1811. In continuation of this Srimukha, the Agent of the Matt, in his yadi dated 2nd November 1894, intimated the appointment of one Tirumala Tatachar to receive "Agra Thirtha" honors in the temple, as the local representative of the Matt. Venkatabhattarachar and his brother Ramachar *alias* Ramapulla Bhattarachar, who were the Acharyapurushas at Chikballapur, protested against these honors being given to the Sri Parakalaswami Matt, on the ground that the honors were being enjoyed by their family. They, however, produced no document in support of their contention, and subsequently, in the course of the local enquiry, they gave a statement before the Sheristadar of the Chikballapur Taluk, on the 10th November 1894, agreeing to the "Agra Thirtha" honors being paid to the Sri Parakalaswami Matt and its agents. The Sub-Division Officer (the late Mr. A. Krishnaswamiengar) issued orders accordingly on the 10th November 1894.

2. Venkatabhattrachar, one of the petitioners, thereupon presented a petition to the Deputy Commissioner on the 23rd July 1895, stating that, under the Government Proceedings of 1895, the sannad of 1811 could only be enforced in those particular temples where it had been enforced without interruption; but that where such enjoyment was wanting, the Matt could not be allowed to claim the privileges in question, on the strength of the mere sannad; and that therefore the Sub-Division Officer was wrong in his decision. This petition was forwarded to the Sub-Division Officer, Mr. B. G. Krishnaiengar, who had since succeeded Mr. Krishnaswamiengar. The former decided on the 9th September 1895, that the question could not be reopened, in as much as it had been already settled by his predecessor, in conformity with the petitioner's own deposition.

3. In the meanwhile, Venkatabhattarachar having died, his brother Ramachar *alais* Ramapulla Bhattachar, (one of the original petitioners), Bhattachar, son of Raghunatha Bhattaru, and Singrachar, son of Venkata Bhattarachar (the other of the two original petitioners), then appealed to the Deputy Commissioner on the 8th March 1897. The Deputy Commissioner (Mr. A. Rangaswamiengar) dismissed the appeal on the 28th June 1897, on the ground that the first appellant (Ramachar) and his deceased elder brother (Venkatabhattarachar) had, in their deposition of the 10th November 1894, agreed to the first honors being paid to the Sri Parakalaswami Matt, and its agents and that this had been acted upon before the Government Proceedings of March 1895 was passed, and that the appellants had not produced any documents in support of their case.

4. Against the foregoing order of the Deputy Commissioner, Bhattarachar and Singrachar have appealed to Government on the following grounds:—

(i) that the "Agra Thirtha" honors in the temple were being enjoyed by their family in hereditary succession;

(ii) that since the issue of the sannad by His Highness the Maharaja Krishnaraj Wodiyar Bahadur III in 1811, the Parakalaswami did not even once visit the temple, nor were the honors paid to the Matt's agent;

(iii) that the deposition of Venkatabhattarachar was taken when he was not in his proper senses owing to his illness, and that even if he had consented to the first honors being given to the Matt, it is not binding on them,

(iv) that the fact that they were in the enjoyment of these honors is borne out by the Amildar's report, dated 10th November 1894;

anb (v) that the Government Order of 1895 prohibits the allowing of the honors to the Matt's agents.

5. The Government observe that in all such disputes, effect should be given to settlements agreed upon by both the parties when in a conciliatory mood. The Deputy Commissioner and the Sub-Division Officer have accordingly bound the petitioners by their statement or rather the statement of their representative man, that the honors contended for might be shown, under the terms of His Highness the late Maharaja Krishnaraj Wodiyar Bahadur's order, to Parakalaswami and his agent. The order seems to have proceeded on reasonable and intelligible grounds and on the consent of the parties, and it is inexpedient to disturb it. The appeal is accordingly rejected.

(i) Government Order No. 1366, dated 6th September 1887, directing that Government are prepared to recognize the succession to the management of Guru Dattathreya Bababudanswami's Darga, of Syed Mrutyuza Sha Khadri, whom the late Syed Gows Sha Khadri, Khan Bahadur, proposed to adopt.

(ii) Petition Registered No. 320, dated 23rd September 1901, from Syed Ali Hussein Sha Khadri, Agent of the Dattathreya Peeta, reporting the death of Sajjade or Manager Syed Gouse Sha Khadri, Khan Bahadur.

and (iii) The following letter No. 1450, dated 15th March 1902, from the Deputy Commissioner, Kadur District, reporting on the above :—

"With reference to your docket No. 657 of the 15th November 1901, calling for a report on certain points in the matter of a petition from Shali Hussein Sha Khadri, agent of the Dattatheryа Peeta Bababudan Darga in the Chikmagalur Taluk, anent the succession of Syed Mrutyuza Sha Khadri, to the place of Khan Bahadur Gowse Sha Khadri (deceased), I have the honor to state as follows :—

1. The late Sajjade Khan Bahadur Gouse Sha Khadri died at Bangalore on the 17th September 1901.

2. The said Khan Bahadur Gouse Sha Khadri is stated to be entitled to the insignia mentioned in the list presented by the Agent under date 23rd December 1901, (vide paper No. 17 in the accompanying file I of the vernacular papers). He had the title of Khan Bahadur conferred upon him by His Excellency the Viceroy on the occasion of the late Her Majesty's proclamation as Empress of India. He was also personally exempt from the operations of the provisions of the Arms Regulation and from personally appearing before Courts of Law.

3. The Sajjade elect (Syed Mrutyuza Sha Khadri) is stated to be aged about 32 years.

4. With regard to his qualifications to succeed to the vacant place of the late Gouse Sha Khadri, the statements recorded by the Amildar go to show that the Sajjade elect is well versed in Persian and Arabic, has studied Khoran and is in all respects competent to hold the office. The only allegation made against him was that his moral character was not above suspicion. A petition in the names of the holders of lands in the Saraguppe inam village attached to the Darga and headed by one Ajjegauda was received in this office, wherein some allegations were made about the improper conduct of the Sajjade elect with the daughter of a certain Moulvi living in the Saraguppe village. This is however flatly denied by the woman's brother himself, under whose protection she lives. Beyond the statement of the said Ajjeganda there is nothing forthcoming to raise any suspicion about the moral character of the Sajjade elect. Even the takrardars to the hak have made no such imputation.

5. The consent of disciples does not seem to be necessary in effecting a succession. For the resolution of the alleged recognition of the Sajjade elect by the late Khan Bahadur Gouse Sha Khadri, only the leading members of different communities, including some Mahomedans in and about Chikmagalur, were summoned, and in their presence a resolution was passed on the 4th November 1894. Neither the men then present, some of whom have been now examined by the Amildar, nor the two Mahomedans of Aldur, who styled themselves as disciples, have any objection to the succession by the Sajjade elect. The agent (petitioner) too has deposed that the consent of disciples is entirely immaterial. Further, the objection brought forward is only by the surviving members of the family to which the late Khan Bahadur Gouse Sha Khadri and the Sajjade elect belong. In their statements they maintain that they all have a joint hak to the place of the Sajjade at the Darga and consequently have a right to equally share profits from the division of the residue arising from the Inam lands and other sources of income to the Darga, after defraying the lawful charitable and religious expenses. These hakdars base their claim on an agreement executed to the surviving hakdars of the family by the late Khan Bahadur Gouse Sha Khadri in 1854. According to this it will appear that the several hakdars have powers to elect a competent person from amongst them upon his executing an agreement in the terms above quoted. The agent (petitioner) asserts that succession is not conditional with respect to executing any agreement, but neither he nor any body else interested in the succession of the Sajjade elect has denied or disproved the contents of the agreement. The statements now recorded by the Amildar go to show that in the election of 1894 the claimants objected. Further, the agreement relied on by the claimants have been admitted in evidence and is observed to have been impounded by the Collector of Stamps (Mr. Lindsay) in 1866.

6. Referring to the last para of the docket under reply, I beg to say that previous sanction of Government for the election has not been obtained. In the notice calling for a meeting in 1894 it is stated that the sanction of His Highness the Maharaja of Mysore was obtained, but neither such authority was referred to while then arriving at a decision nor was any produced in the course of the present enquiry. Again the statement of Gaizudin Sha Khadri, also an agent recognized by Government and one treated with the distinction of being exempt from the operations of the provisions of the Arms Regulation, leads to the conclusion that no sanction was obtained, for he states that ceremonies required to be observed subsequent to Government sanction have not yet taken place. The petitioner (agent) states

that Order of Government No. 233-42—Muz. F. 102-92 of the 14th December 1892, only governs successions to the Hindu Matts and not to Mahomedan Institutions. The interpretation of the petitioner cannot under any circumstances hold good. The Darga has extensive inams conferred upon it. The income derived from the above, according to the terms of the grant, ought to be applied to the maintenance of the institution and for charitable and religious uses. The grant of the inam is subject to the due fulfilment of the above conditions and where failure or misman agement is apparent, the inams are either resumed or the management taken over into the hands of Government. As an instance, may be quoted the case of the Darga at Chitaldrug taken over under Government management by Government Order No. 960-1—Muz. F. 16-95 of the 31st December 1901. It is clear that Government have therefore to guard the interests of the institution, and consequently important changes therein ought to meet with the approval of Government. Of course the Proceedings of 1892 does not prevent the presiding members of institutions from electing and nominating one or more competent persons as successors to themselves with the approval of His Highness the Maharaja. Prior to this a representation was made to Government in 1887 to confer on Sajjade elect all honors to which the late Khan Bahadur Gouse Sha Khadri was entitled, but the Government declined to accede to the representation, as it was not considered practicable to extend the honors and prerogatives to Sajjade elect until he actually succeeded to the office (*vide* No. 1366, dated 5th September 1887).

7. Taking all these into consideration and for reasons stated in para 5 *supra*, I am of opinion that the Sajjade elect may be approved of, as successor to the late Khan Bahadur Gouse Sha Khadri, subject to his executing an agreement to the surviving hakdars in the terms of the one of 1854 executed by his predecessor. All the objections raised by the other hakdars are founded, I have every reason to think on their ,pesire to participate in the income and profits of the Darga. As a matter of fact they have given statements before the Amildar that they have no objection to the succession of the Sajjade elect provided their claims to share in the income are recognized and an agreement executed by the successor to the late head of the institution. So practically I am of opinion that the succession of the present Sajjade elect may be approved. All the previous records and proceedings leave no room for doubt that the present Sajjade elect, Mrutyuza Sha Khadri, was thought of as the intended successor to the institution."

No. 1159—Muz. F. 33-01, dated Bangalore, 24th November 1902.

Order thereon.—The Guru Dattathreya Bababudanswami's Darga on the Bababudan Hills at Chikmagalur is a Muzrai Institution endowed with extensive inam lands from the State. It is reported that Khan Bahadur Syed Gouse Sha Khadri, who was the Sajjade or Manager of the Darga, died on the 17th September 1901, having previously adopted his brother's grandson Syed Mrutyuza Sha Khadri to succeed him. The nomination of this Syed Mrutyuza Sha Khadri to the management of Guru Dattathreya Bababudanswami's Darga was sanctioned in Order No. 1366, dated 6th September 1887, read above, by the Government of His Highness the late Maharaja during the life-time of the former Sajjade or Manager, Khan Bahadur Syed Gouse Sha Khadri. He was also elected at a meeting of the community held in 1894, and the Deputy Commissioner of the Kadur District, in his letter read above, recommends his nomination upon a certain condition, referred to later on, and states that he is duly qualified for the office. Objections have, however, been raised by certain parties, to the effect that they are entitled to participate in the income from the inam lands endowed to the institution, on the strength of a deed of agreement executed in 1854 by the late Sajjade Khan Bahadur Syed Gouse Sha Khadri agreeing to divide among them the net savings of the institution every year. The Deputy Commissioner states that the nomination may be approved on the condition that the nominee executes a document similar to what was executed in 1854. The Government cannot recognize such an agreement. The inams have been granted for the benefit of the institution and are enjoyed by the manager for the time being for rendering certain specific services therein. The division of the profits among several persons as sharers is not in fulfilment of the object of the Devadaya grant, and Government cannot give their countenance to it.

2. In these circumstances, the Government of His Highness the Maharaja are pleased to recognize the succession of Syed Mrutyuza Sha Khadri (son of Syed Meeran Sha Khadri) as Sajjade or Manager of Guru Dattathreya Bababudanswami's Darga, without the condition suggested by the Deputy Commissioner.

Letter No 780, dated 18th March 1902, from the Deputy Commissioner, Mysore District, submitting, for orders, copies of correspondence received from the City Magistrate and the Treasury Officer, the *Ex-Officio* President and Vice-President, respectively, in the matter of the management of the Charity.

No. 1179-81—MUZ. F. 91-92, DATED BANGALORE, 25TH NOVEMBER 1902.

ORDER THEREON.—Originally when the rules of the 14th September 1892, read above, were issued, the Muzrai Superintendent was appointed to be the President of the Committee for the management of the Prince Gulam Mahomed's Charity Fund, and the Town Magistrate of Mysore was made the Vice-President. Subsequently, in Government Proceedings No. 333-98, dated 4th December 1893, certain arrangements of Assistant Commissioners were ordered and it was directed that the Gumbaz allowance formerly enjoyed by the City Magistrate, Mysore, must cease and that the City Magistrates of Bangalore and Mysore must be relieved of all work other than the City Magisterial work. It was therefore that the District Treasury Officer was appointed Vice-President instead of the City Magistrate. On the abolition of the appointment of the Muzrai Superintendent, the Presidentship of the Committee was conferred on the City Magistrate of Mysore as per orders conveyed in the Government Proceedings of the 7th May 1901, read above.

2. The City Magistrate, in his letter dated 29th January 1902 to the Deputy Commissioner, states that the Treasury Officer, Mysore District, manages the affairs of the Charity Fund as Vice-President and that he as President thereof has really nothing to do in the matter, and suggests that the entire management of the Fund be transferred to him. The District Treasury Officer, on the other hand, in his letter dated 6th February 1902, to the Deputy Commissioner, states that the suggestion of the City Magistrate is opposed to the orders of the Government Proceedings of the 4th December 1893, referred to above, and that the Government Order appointing the City Magistrate as President of the Charity Fund has not cancelled his Vice-Presidentship, and that therefore the transfer suggested by the City Magistrate is not authorized.

3. The Deputy Commissioner, in his letter read above, states it as his opinion that the arrangement suggested by the City Magistrate is reasonable and that there is no necessity for retaining the Treasury Officer as *Ex-Officio* Vice-President.

4. The Government consider that it is undoubtedly inconvenient that there should be two local officers, both stationed at Mysore, having powers over the Charity. They deem it unnecessary to have a separate Vice-President, which appointment is hereby cancelled, and they direct that all the records, establishment etc, connected with the Charity, be transferred from the Treasury Officer to the City Magistrate of Mysore as President of the Committee for the management of the Prince Gulam Mahomed's Charity Fund, the City Magistrate not being entitled to any remuneration for this additional work. The Government further direct that all copies of the proceedings etc., of the Committee should be furnished to Government in the Muzrai Department for orders, and that an annual report on the working of the Charity should be regularly submitted to Government.

5. Revised Rules for the guidance of the Committee for the management of the Prince Gulam Mahomed's Charity Fund will be issued on receipt of information from the President as to the proportion in which the Charity is now being distributed amongst the recipients, as the total number of persons which had been originally fixed at 170 has since been reduced to 155 as per Government Proceedings No. C. 37-8, dated 15th March 1895.

(1) Letter No. 1186-108, dated 20th September 1902, from the Inspector General of Police in Mysore, to the Secretary to the Government of Mysore, Geological Department, forwarding copy of a letter No. 954-790, dated 1st September 1902, (printed hereunder) from the District Magistrate of Kolar, and expressing his opinion that Form D of the Mysore Explosives Rules is the form of license to be used in the cases specified by the District Magistrate, and pointing out that the fee of Rs. 5 prescribed for such licenses would prove a great hardship to licensees who require only very small quantities of explosives; also requesting that if the opinion expressed by him is correct, the matter may be submitted for the orders of Government.

Letter No. 954-790, dated 1st September 1902, from the District Magistrate of Kolar, to the Inspector General of Police in Mysore.

I have the honour to invite attention to para 3 of your No. 5996-341, dated 28th June 1902, stating that licenses for possession of dynamite, fuse, etc., for blasting purposes, (hitherto granted in this District in Form VI of the Arms Regulation, there being no separate form therefor), should be issued under the Explosives Regulation as per remarks of Government in Order No. 13146-55—J. 1111, dated 10th February 1902. Neither the Explosives Regulation nor the Rules framed thereunder, published in the *Mysore Gazette*, dated 19th May 1898, contain any rule or form for licenses to be granted without charging any fee. As the licenses granted for blasting purposes are issued without any fee, I beg to know under what rule and form such licenses should be issued, if they are to be issued under the Explosives Regulation.

(2) *The following memorandum from the Chief Inspector of Explosives in Mysore :—*

(i) With reference to the question of licenses for the possession of small quantities of explosives, raised by the District Magistrate of Kolar and forwarded with certain observation by the Inspector General of Police in Mysore, I have the honour to point out that the circumstances specified are already sufficiently provided for in the Rules under the Mysore Explosives Regulation.

(ii) Rule 5 (1) (*a*) (*b*) of the Explosives Rules permits the possession, for private use and not for sale, of certain small quantities of explosives without any license or fee.

(iii) Of the explosives mentioned by the District Magistrate of Kolar, the maximum quantities which may be so possessed are—

15 lbs. of dynamite and detonators under clause (*a*) and 150 lbs. of explosive contained in safety fuze under clause (*b*).

For purposes of calculation the following figures may be adopted :—

1,000 sextuple detonators or 2,000 treble detonators represent 2½ lbs. of explosive (class 6, Division 3);

150 lbs. of explosive in safety fuse represents about 1,500 coils of fuse, or, say 10 coils per 1 lb. of explosive (class 6, Division 1).

(iv) For the possession of the said dynamite or detonators the certificate from a Superintendent of Police mentioned in Rule 5 must be obtained.

Again, under the provisions of the Mysore Arms Regulation and Rules, a license in Form VI must also be obtained for the possession of any of the above mentioned small quantities of explosives.

(v) If the applicant wishes to possess at any one time a greater quantity of explosives than is allowable under the provisions of Rule 5 of Mysore Explosives Rules, he must take out a license under Form D-Rule 15 of the Explosives Rules, provided the total quantity does not exceed 60 lbs. In this case the license may be endorsed in accordance with Rule 42, so that a separate license under the Arms Regulation and Rules need not be obtained.

No. 239-48—S., DATED BANGALORE, 4TH NOVEMBER 1902.

ORDER THEREON.—The above correspondence is circulated to the officers, mentioned hereunder, for information and guidance.

2. The memorandum of the Chief Inspector of Explosives, printed above, explains the procedure to be followed in the circumstances specified, and Government are of opinion that no alteration of the Rules under the Mysore Explosives Regulation is necessary.

Memorandum Nos. 94 and 12, dated 27th June and 11th July 1902, respectively, from the Secretary to Government, Geological Department, suggesting that the Kolar Gold Field may be made the Head-quarters of Mr. Lavelle, Deputy Inspector of Mines, and recommending that Mr. Lavelle may be granted a local allowance of Rs. 120 a month. Also requesting that a bungalow be built for Mr. Lavelle on a site to be chosen on the Field, and recommending that until the bungalow is built and ready for occupation, a monthly house-rent of Rs. 50 may be sanctioned to him.

No. 254-7—S., DATED BANGALORE, 7TH NOVEMBER 1902.

ORDER THEREON.—The Government are pleased to sanction the proposal of the Secretary to Government, Geological Department, to grant a local allowance of Rs. 120 to Mr. Lavelle, Deputy Inspector of Mines, and that the Kolar Gold Fields be made his Head-quarters with effect from the 1st November 1902.

2. They are also pleased to direct that plans and estimates be got out for the construction of a dwelling house for Mr. Lavelle and submitted for consideration, and to sanction a monthly house-rent of Rs. 50 to Mr. Lavelle, until the building is ready for occupation.

(i) Extract from the Report of the Chief Inspector of Explosives in Mysore for the year 1901, page 16, to the effect that it would be very convenient for reference and for the use of Inspecting Officers if lists of all licenses granted under the Explosives Regulation were published or printed and circulated from time to time.

(ii) Memo No. 40, dated 3rd November 1902, from the Secretary to Government, Geological Department, pointing out that it is desirable that the Chief Inspector of Explosives in Mysore should be furnished with information as to—

(*a*) the number of inspections of Licensed premises made throughout the State during each calendar year;

(*b*) the number and nature of prosecutions dealing with offences in connection with Explosives.

Also that the Chief Inspector of Explosives should receive reports of all accidents connected with Explosives as well as copies of all enquiries into such accidents provided for in clause 8 (1) of the Mysore Explosives Regulation, II of 1888,

No. 258-267,—S., DATED BANGALORE, 7TH NOVEMBER 1902.

ORDER THEREON.—Government are pleased to direct that each District Magistrate shall forward to the Chief Inspector of Explosives a statement of the Licenses granted by him under the Mysore Explosives Regulation and Rules during each month in the form printed hereunder.

Maximum quantity of Explosives Licensed. For the term of the License.	Maximum quantity of Explosives Licensed. To be kept at any one time.	License fee.	Date of grant of License.

Dated 190 District Magistrate.

A Register of all Licenses granted will be maintained in the District Magistrate's Office in the above form and the monthly returns forwarded to the Chief Inspector of Explosives will be extracts from that Register. The *serial form number* attached to each License will comprise the letter designating the form of the License and a serial number running from 1 upwards for each form during each calendar year and will be written on every License granted.

Thus the serial form numbers in any District for Licenses in form A will be

A_1, A_2, A_3, A_4, etc.

and for form B

B_1, B_2, B_3, B_4, etc.

Some illustrations of how the statements should be filled in are given in the appendix.

2. The Chief Inspector of Explosives will, at least once in every three months, compile a list of Licenses granted in each District and forward printed copies of the same to the District Magistrates for distribution to Inspecting Officers.

3. In the case of any License being modified or cancelled the District Magistrate will at once notify the same to the Chief Inspector of Explosives and to Local Inspecting Officers.

4. At the close of each calendar year each District Magistrate will forward to the Chief Inspector of Explosives—

(*a*) a statement in the following form showing the number of inspections of licensed premises in his District made during the year with remarks (particularly in regard to breaches of the Explosives Regulation and Rules) by himself or other Inspecting Officers.
